

before the law kafka

before the law kafka is a profound and enigmatic parable written by Franz Kafka that explores themes of justice, authority, and human existence. This short story delves into the complexities of law and the barriers individuals face when confronting legal systems and societal structures. Kafka's narrative style and symbolic approach have made "Before the Law" a subject of extensive literary analysis and philosophical debate. The story's ambiguous ending and its portrayal of an inaccessible law continue to resonate with readers and scholars alike. This article provides a comprehensive examination of "Before the Law" by Kafka, covering its plot, themes, interpretations, and its significance in literary and legal contexts. Furthermore, the discussion includes Kafka's unique style and the story's influence on modern thought and culture.

- Overview of "Before the Law"
- Key Themes and Symbolism
- Interpretations and Philosophical Implications
- Kafka's Literary Style in "Before the Law"
- Impact and Legacy of "Before the Law"

Overview of "Before the Law"

"Before the Law" is a parable originally published in 1915, later incorporated into Kafka's novel "The Trial." The story narrates the encounter between a man from the country and a gatekeeper who denies him access to the law. The man waits for years, hoping to gain entry but ultimately never succeeds.

This brief narrative is notable for its sparse yet powerful prose, leaving much open to interpretation. The law, represented by the gate and the gatekeeper, serves as a metaphor for the elusive nature of justice and authority.

Plot Summary

The story begins with a man who seeks access to the law, which is guarded by a formidable gatekeeper. The man asks for permission to enter, but the gatekeeper refuses, stating that he cannot allow entry at the moment. The man decides to wait and spends his entire life standing before the gate, attempting to persuade the gatekeeper, who remains unwavering in his refusal. At the end of the man's life, the gatekeeper reveals that the gate was meant only for him, and now he will close it forever. This paradoxical ending emphasizes the futility and absurdity of the man's quest.

Historical Context

Written during the early 20th century, "Before the Law" reflects Kafka's concerns about bureaucracy, the alienation of individuals, and the inscrutable nature of legal and governmental systems. The story is often seen as a critique of the impersonal and inaccessible structures of authority prevalent in Kafka's time and remains relevant in contemporary discussions about law and justice.

Key Themes and Symbolism

The richness of "Before the Law" lies in its thematic depth and use of symbolism. The story's elements symbolize broader concepts that challenge readers to contemplate the nature of law, power, and human agency.

Justice and the Law

The law in Kafka's parable is an abstract, almost divine force that remains perpetually out of reach. It

symbolizes the ideal of justice, which is often complicated by procedural obstacles and gatekeepers, metaphorically representing bureaucratic or institutional barriers. The man's inability to access the law highlights the tension between the individual's quest for justice and the opaque, inaccessible mechanisms that govern legal authority.

Authority and Power

The gatekeeper embodies the power structures that control access to the law. His absolute authority and the man's subservience illustrate the imbalance of power between institutions and individuals. This dynamic raises questions about legitimacy, obedience, and resistance within hierarchical systems.

Existential Waiting and Alienation

The man's lifelong wait before the gate is a poignant metaphor for human existence marked by waiting, hope, and ultimate futility. The story reflects existential themes of alienation, highlighting how individuals confront incomprehensible systems and their own limitations.

Symbolism in "Before the Law"

- **The Gate:** Represents the threshold to justice and truth.
- **The Gatekeeper:** Symbolizes authority, control, and obstruction.
- **The Man:** Embodies every individual seeking meaning, justice, or understanding.
- **The Waiting:** Reflects human patience, endurance, and existential uncertainty.

Interpretations and Philosophical Implications

Kafka's "Before the Law" has been the subject of numerous philosophical and legal interpretations due to its ambiguous and metaphorical nature. The story challenges conventional perceptions of the law and justice.

Legal and Juridical Perspectives

From a legal standpoint, the parable critiques the inaccessibility and complexity of legal systems. The gatekeeper's refusal to grant access symbolizes legal barriers such as bureaucracy, procedural delays, and the alienation of the layperson from legal processes. Scholars often interpret the story as an allegory of the tension between law as an ideal and law as practiced.

Philosophical and Existential Analysis

Philosophers analyze "Before the Law" through existential and absurdist lenses. The man's futile wait before an impenetrable gate echoes the human condition—searching for meaning and justice in an indifferent universe. The story raises questions about free will, fate, and the nature of authority, aligning with existentialist themes prevalent in Kafka's work.

Psychological and Sociological Readings

Psychologically, the story reflects internal conflicts, the struggle for self-understanding, and the frustration of unmet desires. Sociologically, it critiques societal structures that marginalize individuals and perpetuate power imbalances, emphasizing the alienation experienced by those confronting impersonal institutions.

Kafka's Literary Style in "Before the Law"

Franz Kafka's distinctive literary style is evident in "Before the Law," characterized by brevity, ambiguity, and a focus on complex psychological and philosophical themes.

Concise and Ambiguous Narrative

The story's brevity and lack of explicit explanations create an open-ended narrative inviting multiple interpretations. Kafka's use of ambiguity forces readers to engage actively with the text, analyzing symbolism and underlying meanings rather than relying on straightforward plot development.

Use of Parable and Allegory

"Before the Law" serves as a parable, using a simple story structure to convey profound truths about human experience. The allegorical elements transform the narrative into a universal exploration of law, justice, and existential anxiety.

Atmosphere and Tone

The tone of the story is somber and contemplative, evoking a sense of isolation and despair. Kafka's language creates an oppressive atmosphere that mirrors the existential plight of the protagonist, contributing to the story's emotional and intellectual impact.

Impact and Legacy of "Before the Law"

"Before the Law" has had a lasting influence on literature, philosophy, and legal theory. Its enduring relevance stems from its exploration of timeless issues related to power, justice, and human existence.

Influence on Literature and Philosophy

The story has inspired countless writers and thinkers, contributing to existentialism, absurdism, and postmodern literature. Its themes resonate in various cultural contexts, reflecting universal struggles with authority and meaning.

Role in Legal Theory and Criticism

Legal scholars use "Before the Law" as a critical reference when discussing the alienation of individuals within legal systems and the challenges of accessing justice. The parable exemplifies the disconnect between law as an abstract ideal and the realities faced by those navigating legal institutions.

Reasons for Continued Relevance

- The universal nature of its themes addressing law and authority.
- The story's open-endedness allowing diverse interpretations.
- Its reflection of contemporary concerns about bureaucracy and justice.
- The profound existential questions it raises about purpose and access to truth.

Frequently Asked Questions

What is the main theme of Kafka's 'Before the Law'?

The main theme of 'Before the Law' is the elusive nature of justice and the individual's struggle to access it. The story explores how bureaucratic and legal systems can be inaccessible and incomprehensible to ordinary people.

Who is the protagonist in Kafka's 'Before the Law'?

The protagonist is a man from the country who seeks to gain access to the law but is continuously denied entry by a gatekeeper.

What does the gatekeeper symbolize in 'Before the Law'?

The gatekeeper symbolizes the barriers and obstacles within legal and bureaucratic systems that prevent individuals from accessing justice or truth.

How does 'Before the Law' reflect Kafka's views on authority?

The story reflects Kafka's critical view of authority as opaque, arbitrary, and indifferent to individuals, highlighting the powerlessness of people before institutional forces.

Why does the man from the country wait his whole life before the law?

The man waits his whole life because he believes that gaining access to the law is crucial, but the gatekeeper's ambiguous responses and the system's inscrutability trap him in a state of inaction and hope.

Is 'Before the Law' a complete story or a parable?

'Before the Law' is a parable, a short allegorical story intended to illustrate the complexities and frustrations surrounding justice and authority.

How does Kafka use symbolism in 'Before the Law'?

Kafka uses symbolism extensively, with the gate, the gatekeeper, and the man representing larger concepts such as law, authority, and the individual's quest for meaning or justice.

What is the significance of the ending in 'Before the Law'?

The ending, where the gatekeeper reveals the gate was meant only for the man and now will be closed, signifies the futility of the man's lifelong wait and the inaccessibility of the law.

How does 'Before the Law' relate to Kafka's other works?

'Before the Law' shares themes of alienation, bureaucracy, and existential struggle found in Kafka's other works like 'The Trial' and 'The Castle,' portraying individuals caught in incomprehensible systems.

Additional Resources

1. *Before the Law* by Franz Kafka

This short parable by Kafka explores the elusive nature of justice and bureaucracy. It tells the story of a man seeking access to the law but being perpetually denied entry by a gatekeeper. The narrative raises profound questions about authority, access, and the human condition.

2. *The Trial* by Franz Kafka

In this novel, Kafka presents a haunting tale of a man arrested and prosecuted by a remote, inaccessible authority, without ever being told the nature of his crime. The book delves into themes of guilt, powerlessness, and the absurdity of legal systems. It is a cornerstone work that echoes the existential tension found in "Before the Law."

3. *Kafka: The Complete Stories* by Franz Kafka

This collection gathers Kafka's major short stories, including "Before the Law," offering a comprehensive look at his exploration of alienation, authority, and existential dread. Readers can appreciate Kafka's unique narrative style and his deep philosophical inquiries into the nature of human

existence.

4. *The Castle* by Franz Kafka

Another of Kafka's unfinished novels, "The Castle" centers on a man's futile attempts to gain access to a mysterious castle representing bureaucratic power. The story shares thematic parallels with "Before the Law," focusing on the impenetrability of institutions and the frustration of seeking justice or recognition.

5. *Existentialism Is a Humanism* by Jean-Paul Sartre

While not directly about Kafka, this philosophical essay complements the themes in "Before the Law" by examining human freedom, responsibility, and the search for meaning in an absurd world. Sartre's ideas help contextualize Kafka's portrayal of law and authority as existential challenges.

6. *The Metamorphosis* by Franz Kafka

This famous novella explores themes of alienation and identity through the story of Gregor Samsa, who wakes up transformed into an insect. Like "Before the Law," it probes the individual's struggle within incomprehensible and oppressive systems, highlighting Kafka's preoccupation with human isolation.

7. *Law's Empire* by Ronald Dworkin

Dworkin's influential work on legal philosophy discusses the interpretation of law and the role of principles in judicial decisions. It offers a modern perspective that contrasts with Kafka's depiction of law as inaccessible and arbitrary, providing a theoretical framework for understanding legal authority.

8. *The Stranger* by Albert Camus

Camus's novel, a key work of absurdist literature, explores the indifferent nature of the universe and the protagonist's confrontation with meaninglessness. Its existential themes resonate with the despair and alienation found in Kafka's "Before the Law," making it a compelling companion read.

9. *The Myth of Sisyphus* by Albert Camus

This philosophical essay examines the human struggle to find meaning in a seemingly absurd world,

using the myth of Sisyphus as a metaphor. It complements the themes in Kafka's parable by highlighting the tension between human aspiration and the impenetrability of external forces like law and authority.

before the law kafka: Acts of Literature Jacques Derrida, 1992 An introduction to Derrida's contribution to literary studies, comprising much of Derrida's work on writers such as Shakespeare, Mallarme, Joyce and Kafka, with an introductory essay on deconstruction.

before the law kafka: Before the Law Franz Kafka, 2023-06-29 Before the Law is a thought-provoking parable that explores the complexities of bureaucracy, power, and the inherent limitations of human existence. The story follows a man who seeks access to the Law but finds himself constantly hindered by a gatekeeper. As the man spends his entire life waiting for permission to enter, he grapples with feelings of frustration, fear, and existential uncertainty. Kafka's allegorical tale raises profound questions about the nature of authority, the elusive nature of truth, and the individual's struggle against oppressive systems. Through its rich symbolism and enigmatic narrative, Before the Law invites readers to contemplate the human condition, the relentless pursuit of knowledge, and the eternal quest for meaning in a world governed by elusive and inscrutable forces.

before the law kafka: Walter Benjamin's Other History Beatrice Hanssen, 1998-03-27 Long considered to be an impenetrable, hermetic treatise, Walter Benjamin's The Origin of German Tragic Drama has rarely received the attention it deserves as a key text, central to a full understanding of his work. In this critically acclaimed study, distinguished Benjamin scholar Beatrice Hanssen unlocks the philosophical and ethical dimensions of his thought with great clarity and sophistication.

before the law kafka: Indigeneity: Before and Beyond the Law Kathleen Birrell, 2016-07-01 Examining contested notions of indigeneity, and the positioning of the Indigenous subject before and beyond the law, this book focuses upon the animation of indigeneities within textual imaginaries, both literary and juridical. Engaging the philosophy of Jacques Derrida and Walter Benjamin, as well as other continental philosophy and critical legal theory, the book uniquely addresses the troubled juxtaposition of law and justice in the context of Indigenous legal claims and literary expressions, discourses of rights and recognition, postcolonialism and resistance in settler nation states, and the mutually constitutive relation between law and literature. Ultimately, the book suggests no less than a literary revolution, and the reassertion of Indigenous Law. To date, the oppressive specificity with which Indigenous peoples have been defined in international and domestic law has not been subject to the scrutiny undertaken in this book. As an interdisciplinary engagement with a variety of scholarly approaches, this book will appeal to a broad variety of legal and humanist scholars concerned with the intersections between Indigenous peoples and law, including those engaged in critical legal studies and legal philosophy, sociolegal studies, human rights and native title law.

before the law kafka: Religion and Media Hent de Vries, Samuel Weber, 2001 Counter The twenty-five contributors to this volume - who include such influential thinkers as Jacques Derrida, Jean-Luc Nancy, Talal Asad, and James Siegel - confront the conceptual, analytical, and empirical difficulties involved in addressing the complex relationship between religion and media. The book's introductory section offers a prolegomenon to the multiple problems raised by an interdisciplinary approach to these multifaceted phenomena. The essays in the following part provide exemplary approaches to the historical and systematic background to the study of religion and media. The third part presents case studies by anthropologists and scholars of comparative religion. The book concludes with two remarkable documents: a chapter from Theodor W. Adorno's study of the relationship between religion and media in the context of political agitation (The Psychological Technique of Martin Luther Thomas's Radio Addresses) and a section from Niklas Luhmann's monumental *Die Gesellschaft der Gesellschaft* (Society as a Social System).

before the law kafka: Giorgio Agamben Matthew Calarco, 2007 This volume provides the first in-depth collection of essays aimed at critically examining the work of political philosopher Giorgio Agamben.

before the law kafka: The Remnant: Franz Kafka's Letter Eli Schonfeld, 2024-09-23 As a Jew, Kafka received nothing in inheritance from his father. Nevertheless, throughout his oeuvre, subtly, remnants of Jewish words can be deciphered. Hence, the question at the heart of this book: what remains when what's left is a nothing of Judaism (Letter to the Father)? This question necessitates a philosophical and Jewish reading of his work, prompting a reconsideration of the intricate relationships between the Jew and the West and the Jew and modernity. Thus, this book proposes an examination of Kafka's oeuvre to uncover what remains Jewish therein - at the heart of Europe, amidst modernity - where nothing remains: the enigma of the Letter.

before the law kafka: Kafka's Nonhuman Form Ted Geier, 2016-08-23 This book is a compact study of Kafka's inimitable literary style, animals, and ecological thought—his nonhuman form—that proceeds through original close readings of Kafka's oeuvre. With select engagements of Adorno, Derrida, and the literary heritage from Romanticism to Dickens that influenced Kafka, Ted Geier discusses Kafka's literary, "nonhuman" form and the way it unsettles the notion of a natural and simple existence that society and culture impose, including the boundaries between human and animal. Through careful attention to the formal predicaments of Kafka's works and engaging with Kafka's original legal and social thought in his novels and short stories, this book renders Kafka's sometimes impossibly enigmatic work legible at the level of its expression, bringing surprising shape to his work and redefining what scholars and readers have understood as the "Kafkaesque".

before the law kafka: Irony and the Logic of Modernity Armen Avanessian, 2015-09-14 The logic of modernity is an ironical logic. Modern irony, a flash of genius produced by Romantic theorists, is first discussed, e.g. in Hegel and Kierkegaard, as an ethical problem personified in figures such as the aesthete, the seducer, the flaneur, or the dandy. It fully develops in the novel, the modern genre par excellence: in novels of the early 19th century no less than in those of postmodernity or in those of the masters of citation, parody, and pastiche of classical modernism (Musil, Joyce, and Proust). This book, however, goes one step further. Looking at how such different authors as Schmitt, Kafka, and Rorty identify the political conflicts, contradictions, and paradoxes of the 20th century as ironical and offers a comprehensive account of the constitutive irony of modernity's ethical, poetical, and political logic.

before the law kafka: Freedom and Confinement in Modernity A. Kordela, D. Vardoulakis, 2011-05-09 Kafka's literary universe is organized around constellations of imprisonment. Freedom and Confinement in Modernity proposes that imprisonment does not signify a tortured state of the individual in modernity. Rather, it provides a new reading of imprisonment suggesting it allows Kafka to perform a critique of a modernity instead.

before the law kafka: Tree of Souls Howard Schwartz, 2006-12-27 Drawing from the Bible, the Pseudepigrapha, the Talmud and Midrash, the kabbalistic literature, medieval folklore, Hasidic texts, and oral lore collected in the modern era, Schwartz has gathered together nearly 700 of the

key Jewish myths. For each myth, he includes extensive commentary, revealing the source of the myth and explaining how it relates to other Jewish myths as well as to world literature --from publisher description

before the law kafka: Kafka's Social Discourse Mark E. Blum, 2011-05-12 Franz Kafka is among the most significant 20th century voices to examine the absurdity and terror posed for the individual by what his contemporary Max Weber termed the iron cage of society. Ferdinand Tönnies had defined the problem of finding community within society for Kafka and his peers in his 1887 book *Gemeinschaft und Gesellschaft*. Kafka took up this issue by focusing upon the social discourse of human relationships. In this book, Mark E. Blum examines Kafka's three novels, *Amerika*, *The Trial*, and *The Castle*, in their exploration of how community is formed or eroded in the interpersonal relations of its protagonists. Critical literature has recognized Kafka's ability to narrate the gestural moment of alienation or communion. This social discourse was augmented, however, by a dimension virtually no commentator has recognized—Kafka's conversation with past and present authors. Kafka encoded authors and their texts representing every century of the evolution of modernism and its societal problems, from Bunyan and Defoe, through Pope and Lessing, to Fontane and Thomas Mann. The inter-textual conversation Kafka conducted can enable us to appreciate the profound human problem of realizing community within society. Cultural historians as well as literary critics will be enriched by the evidence of these encoded cultural conversations. Kafka's *Imperial Messenger* may finally be heard in the full history of his emanations. Kafka encoded not only past authors, but painters as well. Kafka had been known as a graphic artist in his youth, and was informed by expressionism and cubism as he matured. Kafka's encodings of literature as well as fine art are not solely of the work to which he refers, but the community of authors or painters and their success or failure of community. Kafka's encodings were meant as an extra-textual readings for astute readers, but also as a lesson to his fellow authors whom he held accountable in his correspondence as cultural messengers.

before the law kafka: Desire Timo Airaksinen, Wojciech W. Gasparski, 2016-06-30 Desire is a rich term meaning wish and want, willingness and relish, appetite and lust. This volume is an effort to analyze the concept of desire and its different practical contexts from a morally philosophic point of view. By analyzing multiple definitions and studying underlying motivations, the authors offer a variety of explanations and interpretations. The volume consists of three main parts. The first part, "Desire and Practice," examines desire as a mental state that seeks personal satisfaction. The second part of the volume, "Desire and Moral Life," explores social, cultural, and literary facets of desire. Finally, in the third part, "Business Ethics and Other Contexts," the authors apply praxiological principles to the business world, examining the conflict between frugality and consumerist ideology, the role of intuition in decision-making, and the need for design education as the basis of effective planning. The contributors to this, the newest volume in Transaction's Praxiology series, seek to explore desire in praxiological terms, with an eye toward the three E's of praxiology: ethics, effectiveness, and efficiency. In doing so, they demonstrate that desire is central for practical activity in general and work in particular.

before the law kafka: Victims and the Labour of Justice at the International Criminal Court Leila Ullrich, 2024

before the law kafka: *Crime Fiction and the Law* Maria Aristodemou, Fiona Macmillan, Patricia Tuitt, 2016-12-08 This book opens up a range of important perspectives on law and violence by considering the ways in which their relationship is formulated in literature, television and film. Employing critical legal theory to address the relationship between crime fiction, law and justice, it considers a range of topics, including: the relationship between crime fiction, legal reasoning and critique; questions surrounding the relationship between law and justice; gender issues; the legal, political and social impacts of fictional representations of crime and justice; post-colonial perspectives on crime fiction; as well as the impact of law itself on the crime fiction's development. Introducing a new sub-field of legal and literary research, this book will be of enormous interest to scholars in critical, cultural and socio-legal studies, as well as to others in criminology, as well as in

literature.

before the law kafka: Kadi on Trial Matej Avbelj, Filippo Fontanelli, Giuseppe Martinico, 2014-07-11 The judgment of the European Court of Justice concerning the Kadi case has raised substantive and procedural issues that have caught the attention of scholars from many disciplines including EU law, constitutional law, international law and jurisprudence. This book offers a comprehensive view of the Kadi case, and explores specific issues that are anticipated to resonate beyond the immediate case from which they derive. The first part of the volume sets out an analysis of the new judgment of the Court, favouring a contextual reading of what is the latest link in a judicial chain. The following three parts offer interdisciplinary accounts of the decision of the European Court of Justice, including legal theory, constitutional law, and international law. The book closes with an epilogue by Ernst-Ulrich Petersmann, who studies the role of the Kadi case in the methodology of international law and its contribution to the concept of global justice. The book brings together legal scholars from a range of fields, and discusses pressing topics such as the European Union's objective of 'the strict observance and the development of international law', the EU as a site of global governance, constitutional pluralism and the protections of fundamental rights.

before the law kafka: Kafka's Jewish Languages David Suchoff, 2011-11-29 After Franz Kafka died in 1924, his novels and short stories were published in ways that downplayed both their author's roots in Prague and his engagement with Jewish tradition and language, so as to secure their place in the German literary canon. Now, nearly a century after Kafka began to create his fictions, Germany, Israel, and the Czech Republic lay claim to his legacy. *Kafka's Jewish Languages* brings Kafka's stature as a specifically Jewish writer into focus. David Suchoff explores the Yiddish and modern Hebrew that inspired Kafka's vision of tradition. Citing the Jewish sources crucial to the development of Kafka's style, the book demonstrates the intimate relationship between the author's Jewish modes of expression and the larger literary significance of his works. Suchoff shows how *The Judgment* evokes Yiddish as a language of comic curse and examines how Yiddish, African American, and culturally Zionist voices appear in the unfinished novel, *Amerika*. In his reading of *The Trial*, Suchoff highlights the black humor Kafka learned from the Yiddish theater, and he interprets *The Castle* in light of Kafka's involvement with the renewal of the Hebrew language. Finally, he uncovers the Yiddish and Hebrew meanings behind Kafka's *Josephine the Singer, or the Mouse-Folk* and considers the recent legal case in Tel Aviv over the possession of Kafka's missing manuscripts as a parable of the transnational meanings of his writing.

before the law kafka: Understanding Derrida, Understanding Modernism Jean-Michel Rabaté, 2019-05-30 This volume makes a significant contribution to both the study of Derrida and of modernist studies. The contributors argue, first, that deconstruction is not "modern"; neither is it "postmodern" nor simply "modernist." They also posit that deconstruction is intimately connected with literature, not because deconstruction would be a literary way of doing philosophy, but because literature stands out as a "modern" notion. The contributors investigate the nature and depth of Derrida's affinities with writers such as Joyce, Kafka, Antonin Artaud, Georges Bataille, Paul Celan, Maurice Blanchot, Theodor Adorno, Samuel Beckett, and Walter Benjamin, among others. With its strong connection between philosophy and literary modernism, this highly original volume advances modernist literary study and the relationship of literature and philosophy.

before the law kafka: Kafka's Stereoscopes Isak Winkel Holm, 2019-09-19 In 1911, Franz Kafka encountered the Kaiser Panorama: a stereoscopic peep show offering an illusion of three-dimensional depth. After the experience, he began to emulate the apparatus in his literary sketches, developing a style we might call stereoscopic, juxtaposing, like the optical stereoscope, two images of the same object seen from slightly different perspectives. Isak Winkel Holm argues that Kafka's stereoscopic style is crucial to an understanding of the relation between literature and politics in Kafka's work. At the level of content, the stereoscopic style offers a representation of the basic order of a specific community. At the level of form, the stereoscopic style is structured as the juxtaposition of two dissimilar images of the same community. At the level of function, finally, the

style provokes a reconsideration, and perhaps even a reconfiguration, of the social order itself. With insights from literary studies, philosophical aesthetics and political theory, Kafka's Stereoscopes offers a detailed but highly readable argument for the relevance of Kafka's literary works in today's political reality.

Some advice: ACT 2 SPOILERS - Do *this* before *this* - Reddit BEFORE going anywhere near Moonrise - cos I just literally murdered half of their gang in a bunch of combat and figured they'd surely be hostile. So off I went, did all the rest, did the

c# - What does \$ mean before a string? - Stack Overflow You'll need to complete a few actions and gain 15 reputation points before being able to upvote. Upvoting indicates when questions and answers are useful. What's reputation and how do I get

Can I have multiple :before pseudo-elements for the same element? As a result, when you have multiple :before rules matching the same element, they will all cascade and apply to a single :before pseudo-element, as with a normal element

Can I use a :before or :after pseudo-element on an input field? 55 :before and :after are applied inside a container, which means you can use it for elements with an end tag. It doesn't apply for self-closing elements. On a side note, elements

How can I execute code before all tests suite with Cypress? Basically, I want to login once before all my tests in all files are executed. Should I call my login command in each test file using the before hook or is there any way to do it once
