big brother izzy interview: When Race Meets Class Rhonda Levine, 2019-01-04 A rare, 15-year ethnography, this book follows the lives of individual, low-income African American youth from the beginning of high school into their early adult years. Levine shows how their interaction and experience with multiple institutions (family, school, community) and individuals (parents, friends, teachers, coaches, strangers) shape their hopes, fears, aspirations, and worldviews. The intersectionality of their social identities—how race, class, and gender come together to influence how they come to think about who they are—influences many behaviors that directly contradict their stated aspirations. Affected, too, by limited access to resources, these youths often take a path

profoundly different from their stated values and life goals. Levine explores the volatility and constraints underlying their decision-making and behaviors. The book reveals the critical junctures and turning points shaping life trajectories, challenging many long-held assumptions about the persistence of racial inequality by offering new insights on the educational and occupational barriers facing young African Americans.

big brother izzy interview: American Radical D. D. Guttenplan, 2024-05-01 Popular Front columnist and New Deal propagandist. Fearless opponent of McCarthyism and feared scourge of official liars. Enterprising, independent reporter and avid amateur classicist. As D.D. Guttenplan puts it in his compelling book, I.F. Stone did what few in his profession could—he always thought for himself. America's most celebrated investigative journalist himself remains something of a mystery, however. Born Isidor Feinstein in Philadelphia, raised in rural New Jersey, by the age of 25 this college drop-out was already an influential newsman, and enjoying extraordinary access to key figures in New Deal Washington and the friendship of important artists in New York. It is Guttenplan's wisdom to see that the key to Stone's achievements throughout his singular career—and not just in his celebrated I.F. Stone's Weekly—lay in the force and passion of his political commitments. Stone's calm, forensic, yet devastating reports on American politics and institutions sprang from a radical faith in the long-term prospects for American democracy. His testimony on the legacy of American politics from the New Deal and World War II to the era of the civil rights struggles, the Vietnam War, and beyond amounts to as vivid a record of those times as we are likely to have. Guttenplan's lively, provocative book makes clear why so many of his pronouncements have acquired the force of prophecy.

Boxed out of the NBA: Remembering the Eastern Professional Basketball League, Syl Sobel and Jay Rosenstein tell the fascinating story of a league that was a pro basketball institution for over 30 years, showcasing top players from around the country. During the early years of professional basketball, the Eastern League was the next-best professional league in the world after the NBA. It was home to big-name players such as Sherman White, Jack Molinas, and Bill Spivey, who were implicated in college gambling scandals in the 1950s and were barred from the NBA, and top Black players such as Hal "King" Lear, Julius McCoy, and Wally Choice, who could not make the NBA into the early 1960s due to unwritten team quotas on African-American players. Featuring interviews with some 40 former Eastern League coaches, referees, fans, and players—including Syracuse University coach Jim Boeheim, former Temple University coach John Chaney, former Detroit Pistons player and coach Ray Scott, former NBA coach and ESPN analyst Hubie Brown, and former NBA player and coach Bob Weiss—this book provides an intimate, first-hand account of small-town professional basketball at its best.

big brother izzy interview: *Dylan on Dylan* Jeff Burger, 2018-05-01 In a 1969 conversation with Rolling Stone editor Jann Wenner, Bob Dylan proclaimed, I don't give interviews. But in truth, he has spoken at length with print publications large and small and with broadcast media around the world, given numerous press conferences, and even answered listeners' questions on call-in radio shows. Dylan can be as evasive and abstruse as he is witty; he can also be cranky and sarcastic. But in the right moments, he offers candid, revealing commentary about his groundbreaking music and creative process. These engrossing provide glimpses into the mind of one of the most important performers and songwriters of the last hundred years. *Dylan on Dylan* is an authoritative, chronologically arranged anthology of interviews, speeches, and press conferences, as well as excerpts from more than eighty additional Q&As spanning Dylan's entire career—from 1961 through 2016. The majority have not been previously anthologized and some have never before appeared in print. The material comes from renowned media outlets like Rolling Stone and TV's 60 Minutes and from obscure periodicals like Minnesota Daily, a student newspaper at Dylan's alma mater. Interviewers include some of the top writers of our time, such as Jonathan Lethem, Douglas Brinkley, and Mikal Gilmore, as well as musicians like Pete Seeger and Happy Traum. Introductions put each piece in context and, in many cases, include the interviewer's reminiscences about the encounter.

big brother izzy interview: *Ghosted* Amanda Quain, 2023-07-25 Never Have I Ever meets The X-Files in Amanda Quain's *Ghosted*, a fresh and funny update on the Jane Austen classic, *Northanger Abbey*. Hattie Tilney isn't a believer. Yes, she's a senior at America's most (allegedly) haunted high school, *Northanger Abbey*. But ever since her paranormal-loving dad passed away, she's hung up her Ghostbusters suit, put away the EMF detectors, and moved on. She has enough to worry about in the land of the living—like taking care of her younger brother, Liam, while their older sister spirals out and their mother, *Northanger's* formidable headmistress, buries herself in work. If Hattie

just tries hard enough and keeps that overachiever mask on tight through graduation, maybe her mom will finally notice her. But the mask starts slipping when Hattie's assigned to be an ambassador to Kit Morland, who's just transferred to Northanger on—what else—a ghost-hunting scholarship. The two are paired up for an investigative project on the school's paranormal activity, and Hattie quickly strikes a deal: Kit will present whatever ghostly evidence he can find to prove that the campus is haunted, and Hattie will prove it's not. But as they explore the abandoned tunnels and foggy graveyards of Northanger, Hattie starts to realize that Kit might be the kind of person who makes her want to believe in something—and someone—for the first time. With her signature wit and slow-burn romance, Amanda Quain turns another Austen classic on its head in this sparkling retelling that proves sometimes the ghosts are just a metaphor after all.
