

biggest snitch in history

biggest snitch in history is a term often associated with individuals who have provided critical information to authorities, leading to significant consequences for those they informed on. Throughout history, numerous figures have earned the label of being the most notorious informants or whistleblowers, impacting political regimes, criminal organizations, and intelligence operations worldwide. This article explores some of the most prominent examples of individuals deemed the biggest snitch in history, examining their motives, the repercussions of their actions, and the historical significance of their betrayals. Understanding these cases sheds light on the complex nature of espionage, loyalty, and the consequences of whistleblowing. The discussion will cover well-known cases from different eras and contexts, offering a comprehensive view of what it means to be the biggest snitch in history. Below is the table of contents outlining the main sections of this article.

- Notable Historical Figures Labeled as the Biggest Snitch
- Famous Espionage Cases Involving Major Informants
- Motivations Behind Becoming the Biggest Snitch
- Impact and Consequences of Major Snitching Events
- Legal and Ethical Perspectives on Informing and Whistleblowing

Notable Historical Figures Labeled as the Biggest Snitch

Throughout history, several individuals have been branded as the biggest snitch in history due to their pivotal roles in exposing secrets or betraying their associates. These figures often became infamous

for the scale of information they revealed and the profound influence their disclosures had on historical events.

Judas Iscariot: The Biblical Archetype

Judas Iscariot is often considered the original archetype of the snitch, betraying Jesus Christ to the authorities for thirty pieces of silver. This act of betrayal has made Judas synonymous with the concept of treachery and informing against one's own group. His story remains one of the earliest and most enduring references to the idea of a snitch in Western culture.

Edward Snowden: Modern Whistleblower

Edward Snowden is widely recognized as one of the biggest snitches in recent history due to his disclosure of classified information from the National Security Agency (NSA) in 2013. His revelations about government surveillance programs sparked global debates about privacy, security, and government transparency. Snowden's actions have made him a controversial figure, viewed by some as a hero and by others as a traitor.

Mark Felt: The FBI's Deep Throat

Mark Felt, known by the pseudonym "Deep Throat," was the secret informant who provided crucial information to journalists during the Watergate scandal. His disclosures helped uncover the Nixon administration's abuses of power, leading to President Nixon's resignation. Felt's role as the biggest snitch in history within American political scandal is well documented as a turning point in investigative journalism and government accountability.

Famous Espionage Cases Involving Major Informants

Espionage has produced some of the most dramatic examples of snitching, where individuals have betrayed their countries or organizations in exchange for money, ideology, or personal gain. These cases often involve high stakes, including national security and international relations.

The Rosenbergs: Espionage During the Cold War

Julius and Ethel Rosenberg were American citizens convicted of passing atomic secrets to the Soviet Union during the Cold War. Their case is one of the most infamous examples of espionage, marking them as some of the biggest snitches in history for their role in nuclear espionage. Their execution in 1953 remains a controversial chapter in American legal and espionage history.

Aldrich Ames: CIA Traitor

Aldrich Ames was a CIA officer who betrayed numerous U.S. agents to the Soviet Union, causing the deaths of several operatives and severely damaging American intelligence efforts. Arrested in 1994, Ames is widely regarded as one of the most damaging spies in U.S. history and a quintessential example of a major snitch within the intelligence community.

Anna Chapman: The Russian Spy

Anna Chapman was part of a Russian spy ring operating in the United States, arrested in 2010. While not a traditional snitch, her case highlights the complex world of espionage and the consequences of double agents and informants in international intelligence battles. Her subsequent deportation and media attention brought renewed focus on spy networks and informant roles worldwide.

Motivations Behind Becoming the Biggest Snitch

The reasons individuals become the biggest snitch in history are varied and often complex.

Understanding these motivations is crucial to comprehending the nature of betrayal and information leaks.

Ideological Beliefs

Some informants are driven by strong ideological beliefs, choosing to expose wrongdoing or secrets to promote political or social change. For example, whistleblowers may reveal classified information to highlight government abuses or injustices, believing their actions serve a higher moral purpose.

Financial Gain

Monetary incentives often motivate individuals to provide information to authorities, rival organizations, or foreign governments. Espionage cases like those of the Rosenbergs or Aldrich Ames frequently involve financial compensation as a key factor in their decision to become significant informants.

Personal Survival or Revenge

In some cases, individuals become snitches to protect themselves from legal consequences or to exact revenge on former associates. Fear of prosecution or personal grudges can push people to betray their groups, sometimes leading to the biggest snitch in history scenarios.

Psychological Factors

Other motivations include psychological factors such as ego, desire for recognition, or a sense of power. These personal drivers can compel individuals to disclose sensitive information, often without fully considering the long-term consequences.

Impact and Consequences of Major Snitching Events

The actions of the biggest snitches in history have led to profound outcomes in politics, law enforcement, and international relations. Their betrayals often trigger ripple effects that shape public perception and policy.

Political Fallout

Numerous snitching incidents have resulted in political upheaval, including resignations, impeachments, and shifts in power dynamics. The Watergate scandal, fueled by Mark Felt's leaks, is a prime example of how a snitch can alter the course of political history.

Legal Repercussions

Informants often face legal consequences themselves, ranging from prosecution to exile. Conversely, their disclosures can lead to significant legal actions against the subjects of their information, including trials, imprisonments, and reforms.

Security and Intelligence Reforms

High-profile snitching cases frequently prompt governments and organizations to reassess and strengthen their security protocols. For instance, the fallout from Edward Snowden's leaks led to changes in surveillance laws and intelligence agency practices worldwide.

Public Awareness and Trust

Major leaks and betrayals increase public awareness about government or organizational activities but can also erode trust in institutions. The dual effect of increasing transparency while fostering skepticism illustrates the complex role of the biggest snitch in history.

Legal and Ethical Perspectives on Informing and Whistleblowing

The act of snitching, especially on a large scale, raises significant legal and ethical questions. Different societies and legal systems treat informants and whistleblowers in various ways depending on the context and nature of the information disclosed.

Whistleblower Protections

Many countries have enacted laws to protect whistleblowers who reveal wrongdoing in the public interest. These protections aim to encourage transparency while safeguarding individuals from retaliation. Such legal frameworks highlight the positive role that some snitches play in promoting accountability.

Ethical Dilemmas

Ethically, the decision to become a snitch can involve conflicting duties to loyalty, confidentiality, and the public good. The biggest snitch in history often faces moral scrutiny, balancing the harm caused by betrayal against the benefits of exposing wrongdoing.

Distinguishing Between Traitors and Heroes

The line between traitor and hero is often blurred in cases of snitching. Historical and cultural contexts influence whether an individual is condemned or celebrated for their actions. This ambiguity complicates the legacy of the biggest snitch in history and reflects broader debates about justice and morality.

Legal Consequences for Espionage

In cases involving espionage, legal systems typically impose severe penalties, including imprisonment or capital punishment. The biggest snitch in history involved in espionage faces harsh consequences due to the threat posed to national security and international stability.

Summary of Key Examples of the Biggest Snitch in History

- Judas Iscariot – Biblical betrayal symbol
- Edward Snowden – NSA leaks and privacy debates
- Mark Felt (Deep Throat) – Watergate scandal informant
- Julius and Ethel Rosenberg – Cold War atomic espionage
- Aldrich Ames – CIA double agent and traitor
- Anna Chapman – Russian spy caught in the U.S.

Frequently Asked Questions

Who is considered the biggest snitch in history?

One of the most notorious snitches in history is Klaus Fuchs, a physicist who passed nuclear secrets from the Manhattan Project to the Soviet Union during World War II.

What made Klaus Fuchs one of the biggest snitches in history?

Klaus Fuchs leaked critical atomic bomb secrets to the Soviet Union, significantly impacting the balance of power during the Cold War and accelerating the Soviet nuclear program.

Are there any famous historical figures known as big snitches in criminal cases?

Yes, individuals like Robert Hanssen, an FBI agent who spied for Russia, and Mark Felt, the informant known as 'Deep Throat' in the Watergate scandal, are famous for their roles as informants or snitches.

What impact did snitches have during the Cold War?

Snitches like Klaus Fuchs and Aldrich Ames provided intelligence to opposing sides, affecting espionage dynamics, national security, and global political tensions during the Cold War.

Who is considered the biggest snitch in organized crime history?

Salvatore 'Sammy the Bull' Gravano is often cited as one of the biggest snitches in organized crime history for testifying against the Mafia and helping convict John Gotti.

Why are snitches often viewed negatively in society?

Snitches are often viewed negatively because they betray trust, cooperate with authorities against their own group or peers, and their actions can lead to severe consequences for others.

Can a snitch be seen as a hero in some cases?

Yes, in some cases, snitches help bring criminals to justice, prevent crimes, or expose corruption, which can be seen as heroic acts for the greater good.

How have snitches influenced major historical events?

Snitches have influenced major events by providing crucial information that altered the course of wars, political scandals, and criminal investigations, such as the Cold War espionage and Watergate scandal.

What motivates people to become snitches in history?

Motivations include financial gain, self-preservation, revenge, moral conviction, coercion, or a desire for leniency in legal situations.

biggest snitch in history: Snitch! Steve Hewitt, 2010-02-01 >

biggest snitch in history: Who Shot Me? Inside and Detailed Information About the Christopher Wallace Murder Investigation Conspiracy Theories TJ Clemons, Neither one of them had their fathers in their lives to teach them how to be men and settle their differences and opinions like gentlemen. BIG did have the chance and opportunity to experience fatherhood for himself and if he had some more time, I believe that him and Tupac would have eventually squashed their media-driven and musical industry differences. They are both hip-hop legends and they will both continue to inspire and influence the masses as well as the rap music industry, culture, future, and community. 2pac and Biggie Smalls both believed that they would suffer untimely deaths and demises at a very young age. And both of their predictions, projections, and prophetic intuitions ended up becoming a very tragic reality.

biggest snitch in history: Dopeman: Memoirs of a Snitch: JaQuavis Coleman, 2012-04-24
Dopeman: Memoirs of a Snitch is a complex tale about the life and times of one the biggest drug traffickers the Midwest has ever seen. The FBI has launched an intricate plot to take down one of the most prolific drug organizations in the summer of 2009, and Seven Smith is their main target. Seven establishes a relationship with an up and coming hustler and takes him under his wing. Unbeknownst to Seven, his protégé works for the authorities. The young hustler falls in love with a woman who is off-limits, and he has to make a difficult decision that puts many people's lives at risk. Lola Banks is the daughter of a well-known hit man and street legend in Ohio. When she lays her eyes on the out-of-towner/snitch, it becomes a forbidden love. She is caught in a web of lies and deceit, only to get the hurtful truth on the last page. This is a hustler's love story at its absolute finest. The conclusion to this story is so unpredictable and intelligent that no one will see it coming--no one.

biggest snitch in history: American Gangsters T. J. English, 2018-02-13 Enter a world where money, muscle, and murder reign with three true crime books from the New York Times–bestselling author and Edgar Award finalist. Whitey's Payback: In this collection of sixteen stories culled from his journalism career, author T. J. English reveals the violent world of crime with in-depth pieces on everything from old-school mobsters to corrupt federal agents—including the most feared gangster in Boston history (and secret FBI informant), James “Whitey” Bulger, who vanished for sixteen years before finally being brought to justice. “Hard-hitting reporting.” —Anthony Bruno, author of The Iceman
The Westies: They were the gang even the Mafia thought twice about fighting—a gang of young, wild Irishmen led by cold-blooded Jimmy Coonan and his loyal gunman Mickey Featherstone who ruled Hell's Kitchen with a bloody fist. Their savagery gave them power, but their quick rise

would eventually lead to betrayal and their ultimate downfall in this tale of vengeance, ambition, and the last of the Irish Mob in New York. "A harrowing account of big city crime." —Library Journal
Born to Kill: This Edgar Award finalist chronicles the rise and fall of the infamous Born to Kill gang, a group of young Vietnamese men raised in the wasteland left by American bombs and napalm who came to New York's Chinatown to make a new life, but instead brought death in their wake. Told from the perspective of one gang member who wanted more than a life of bloodshed and testified against his brethren, Born to Kill is a shocking account of the American Dream gone nightmarishly wrong. "Hard-hitting . . . torrid and fascinating." —The Austin Chronicle

biggest snitch in history: Snitch Culture Jim Redden, 2000 Welcome to 'Snitch Culture,' a detailed analysis of how the growing surveillance of individuals has created a society far more insidious and pervasive than anything George Orwell ever imagined. Based primarily on the experience in the United States, but equally relevant to the United Kingdom and Europe, the book reveals the enormous energy, effort and money that is being put into creating a vast domestic intelligence network to track every man, woman and child. A fascinating insight into the world of 'big brother'.

biggest snitch in history: Whitey's Payback T. J. English, 2013-05-07 DIVSixteen stories of true crime from America's foremost authority on the underworld/divDIV James "Whitey" Bulger is the last of the old-fashioned gangsters. As a polished, sophisticated psychopath—who also happened to be a secret FBI informant—his reign of power in Boston lasted for more than twenty years. When he went on the lam in 1995, the kingpin's legend grew to rival that of Al Capone. Captured after sixteen years in hiding, he now sits in a maximum security prison awaiting trial on racketeering charges and nineteen counts of murder./divDIV /divDIVT. J. English has been writing about men like Bulger for more than two decades. And this collection, culled from his career in journalism and supported by new material, shows English at his best. In addition to the numerous pieces about Whitey, he reports stories about gangsters and organized crime from New York City to Jamaica to Hong Kong and Mexico. Be they about old school mobsters, corrupt federal agents, or modern-day narcotraffickers wreaking havoc on the US-Mexico border, English tells these stories with depth and insight. Combining first-rate reporting and the storytelling technique of a novelist, English takes his readers on a bloody but fascinating journey to the dark side of the American Dream./div

biggest snitch in history: Moon City Vice C. T. Phipps, 2023-11-21 FROM THE BEST SELLING AUTHOR OF THE SUPERVILLAINY SAGA: Welcome to the Moon! Neal Gordon and his partners, former actress Lucy Westenra and intelligent canine Barksley, are in hot water with Cyberlife after a bust goes disastrously wrong. Put on what is likely to be permanent suspension, they receive a job offer to work for EarthGov directly. Unfortunately, EarthGov is hiring them because they know a catastrophic plague is about to be unleashed throughout the Moon's neighborhood. Neal finds himself trying to unravel a conspiracy involving poisoned narcotics, a sham church founded by humans from another planet, and a mysterious woman from his past that he was sure had died. Enjoy this latest satirical entry in the Moon Cops series that is already a best-selling new entry in the Futurepunk universe (Agent G, Cyber Dragons, Space Academy) by C. T. Phipps!

biggest snitch in history: Larceny Jason Poole, 2015-06-30 In the hood, a snitch is the worst thing a person can possibly be. Rolling over on your best friend, who has been with you through thick and thin, hungry and full, freedom and state bids—that's "the cruelest lie told in silence." In this tale that plucks the innermost chords of emotion, jealousy turns to envy then to backstabbing as we observe two friends who have struggled together, hustled together, and endured separate prison terms. While Jovan experiences the fruits of the hustle during his partner's first stint, Bilal humbly does his time like a true soldier, taking a manslaughter charge for his one true friend. When these two are finally reunited on the streets, a chain of events lands them both behind bars facing multiple charges. Will their friendship survive the broken bond of brotherhood, or will dishonor come before death?

biggest snitch in history: Unnatural History Jonathan Kellerman, 2023-02-07 NEW YORK TIMES BESTSELLER • The most enduring detectives in American crime fiction are back in this electrifying thriller of art and brutality from the #1 New York Times bestselling master of suspense. Los Angeles is a city of stark contrast, the palaces of the affluent coexisting uneasily with the hellholes of the mad and the needy. That shadow world and the violence it breeds draw brilliant psychologist Dr. Alex Delaware and Detective Milo Sturgis into an unsettling case of altruism gone wrong. On a superficially lovely morning, a woman shows up for work with her usual enthusiasm. She's the newly hired personal assistant to a handsome, wealthy photographer and is ready to greet her boss with coffee and good cheer. Instead, she finds him slumped in bed, shot to death. The victim had recently received rave media attention for his latest project: images of homeless people in their personal "dream" situations, elaborately costumed and enacting unfulfilled fantasies. There are some, however, who view the whole thing as nothing more than crass exploitation, citing token payments and the victim's avoidance of any long-term relationships with his subjects. Has disgruntlement blossomed into homicidal rage? Or do the roots of violence reach down to the victim's family—a clan, sired by an elusive billionaire, that is bizarre in its own right? Then new murders arise, and Alex and Milo begin peeling back layer after layer of intrigue and complexity, culminating in one of the deadliest threats they've ever faced.

biggest snitch in history: Policing Terrorism David Lowe, 2015-08-25 Based primarily upon information from the UK Special Branch Counterterrorism Unit, *Policing Terrorism: Research Studies into Police Counterterrorism Investigations* takes you through the mechanics of a counterterrorism investigation. A combination of legal and empirical research, this entry in the *Advances in Police Theory and Practice* book series e

biggest snitch in history: A Snitch in the Snob Squad Julie Anne Peters, 2010-02-01 The *Snob Squad* turns to detective work to catch a school thief in this continuation of the beloved series from National Book Award finalist Julie Anne Peters. There's a thief at Montrose Middle School. Teachers are reporting money mysteriously missing from their desks. Who's responsible? Could it be Ashley Krupps, the principal's spoiled daughter? She's been spotted recently at the mall splurging on trendy clothes. Or is it Max, who shows up at school one day sporting expensive basketball shoes? Maybe it's Kevin, Jenny's new boyfriend. He's unexpectedly begun to lavish her with extravagant gifts. The *Snob Squad* is on the case and their suspicions stop at no one—not even each other.

biggest snitch in history: Unfit and Improper Persons Kevin Day, Kieran Maguire, Guy Kilty, 2023-10-12 'A very funny book that tackles some serious football issues.' Gary Lineker 'Witty and wise.' Clare Balding 'Brilliant. Blows the lid off football. Hilarious, detailed and insightful.' Alan Davies --- Ever dreamed of setting up your own football club? Join the team behind *The Price of Football* podcast as they start a (fictional) football club and discover what's really going on behind

the scenes of the beautiful game. Buying a football club will set you back a few quid, but you've also got to pass the Premier League and EFL's 'fit and proper persons test'. That all seems like a bit of a faff to the team behind the award-winning podcast *The Price of Football*, so acclaimed comedy writer Kevin Day, football finance expert Kieran Maguire and producer Guy Kilty start an imaginary club instead. In *Unfit and Improper Persons* they take West Park Rovers on a hilarious journey from the lowest level of the FA pyramid right up to the English Football League, the Premier League and, if fortune favours the fictional, into the heart of Europe. At least that's the plan, but inevitably they face a few challenges along the way. Where to find a shirt sponsor? What should the mascot be – is a dog called Rover too obvious? Can they pay the women's team the same as the men's team? (Spoiler alert: hardly anyone else does.) And how can they get Messi to the Kleanwell Stadium next season, like they promised the fans? Roofing over the toilets, paying the electric on the floodlights, salary caps, parachute payments and avoiding bankruptcy, never mind relegation – owning a football club isn't all about stuffing prawn sarnies and quaffing champagne in the directors' box. *Unfit and Improper Persons* is informed, funny and, thanks to exclusive interviews with those who've been there, done that, it lays bare the labyrinthine world of football finance.

biggest snitch in history: Power and the Pursuit of Peace: Theory and Practice in the History of Relations Between States F. H. Hinsley, Francis Harry Hinsley, 1967-10 In the last years of the nineteenth century peace proposals were first stimulated by fear of the danger of war rather than in consequence of its outbreak. In this study of the nature and history of international relations Mr Hinsley presents his conclusions about the causes of war and the development of men's efforts to avoid it. In the first part he examines international theories from the end of the middle ages to the establishment of the League of Nations in their historical setting. This enables him to show how far modern peace proposals are merely copies or elaborations of earlier schemes. He believes there has been a marked reluctance to test these theories not only against the formidable criticisms of men like Rousseau, Kant and Bentham, but also against what we have learned about the nature of international relations and the history of the practice of states. This leads him to the second part of his study – an analysis of the origins of the modern states' system and of its evolution between the eighteenth century and the First World War.

biggest snitch in history: **Don't Close Your Eyes** Holly Seddon, 2017-07-04 A juicy, powerful read featuring twin sisters who have drifted apart, and the shocking family secrets that bind them—for readers of *The Woman in Cabin 10* and *I Let You Go* When the past knocks, someone must answer. In a bustling suburban neighborhood in Manchester, England, sits an unassuming house. There is no sign of life behind the unwashed windows, but Robin Marshall is inside. Driven by fears and obsessions, racked by anxiety, Robin is frantically pushing her body through punishing workouts, eating little, haunted by what happened to her family when she was a girl. Robin's only connection to the outside world is through her rear windows and the lives she spies upon in the apartment house across the way. Then a stranger starts pounding on her door. Sarah Marshall is Robin's twin, estranged from her sister after their parents' betrayal and a violation at the hands of a man she should have been able to trust. Sarah has recently lost custody of the child she loves more than anything and has set off on her own, hoping that somewhere in England she can find Robin, the braver twin, the rock star, the survivor, the savior. These two young women, polar opposites, cannot go on unless they reckon with the past. While Sarah, slowly unraveling, searches for her sister's hiding place, Robin sees another life hanging in the balance in the lighted windows across the street. It is a life only Robin can save—as long as she never looks away. In a novel that is stunning in its twists, shocks, and gripping psychological suspense, two sisters find themselves on the razor's edge of sanity. Untold secrets, a ghastly lie, and suffocating guilt hold them back. Only one astounding act can set them free. And one last revelation will leave readers gasping in surprise. Praise for *Don't Close Your Eyes* “[A] smartly plotted psychological thriller . . . [Holly] Seddon skillfully pieces together the now-estranged twins' lives. . . . Plenty of last-minute bombshells await.”—Publishers Weekly Praise for Holly Seddon's *Try Not to Breathe* “A razor-sharp, fast-paced plot and wonderfully complex characters . . . Not since *The Girl on the Train* have I been so captivated by a work of

suspense.”—Tess Gerritsen, New York Times bestselling author of *I Know a Secret* “Delivers the high-quality thrills and intriguing characters that readers demand in the best of psychological thrillers.”—Associated Press “A fast-paced debut about long-buried secrets and tangled truths.”—Kimberly McCreight, New York Times bestselling author of *Where They Found Her* “Try not to breathe, try not to make plans, try not to commit to anything in fact till you have finished [Holly Seddon’s] debut novel, because we must warn you now—you’ll be fully hooked from page one.”—Glamour (U.K.) “Fascinating . . . Seddon’s storytelling skills are strong and the book is engrossing.”—Kirkus Reviews “A brilliant, beautifully written thriller.”—Augusten Burroughs, New York Times bestselling author of *Running with Scissors* “This gripping thriller about family and redemption will keep readers engaged to the very end.”—Publishers Weekly

biggest snitch in history: Confronting Failures of Justice Paul H. Robinson, Jeffrey Seaman, Muhammad Sarahne, 2024-08-06 Most murderers and rapists escape justice, a horrifying fact that has gone largely unexamined until now. This groundbreaking book tours nearly the entire criminal justice system, examining the rules and practices that regularly produce failures of justice in serious criminal cases. Each chapter outlines the nature and extent of justice failures in present practice, describing the interests at stake, and providing real-world examples. Finally, each chapter reviews proposed and implemented reforms that could balance the competing interests in a less justice-frustrating manner and recommends one—sometimes completely original—reform to improve the system. A systematic study of justice failures is long overdue. As this book discusses, regular failures of justice in serious criminal cases undermine deterrence and the criminal justice system’s credibility with the community as a moral authority. The damage caused by unpunished crime is immense and, even worse, falls primarily on vulnerable minority communities. Now for the first time, students, researchers, policymakers, and citizens have a resource that explains why justice failures occur and what can be done about them. *Confronting Failures of Justice* is accessible for use by college freshman through graduate students and law students and is designed to be main text for a course on justice failures, but it could be used in conjunction with other texts in a broad range of courses touching on criminal justice. It presents arguments in a highly-organized fashion and provides dozens of case studies, many with photographs, to gain student interest and to bring the academic discussions to life.

biggest snitch in history: The Automotive History of Lucky Kellerman Steve Heller, 1989

biggest snitch in history: Radical Reads 2 Joni Richards Bodart, 2009-11-25 In *Radical Reads*, Joni Richards Bodart identified 101 young adult books that featured gritty, complex plots, focused on multidimensional characters, and tackled such difficult subjects as teenage pregnancy, dysfunctional families, gangs, prejudice, violence, drugs, or other provocative issues. Teen readers were drawn to such books because they could identify with both the characters and the situations depicted in these raw and edgy works of fiction. In *Radical Reads 2: Working with the Newest Edgy Titles for Teens*, Bodart continues where the first book left off, examining more than a hundred titles published since the previous edition. The books featured here are engaging and tough, yet well written and accessible to readers. For each novel, Bodart lists the main characters, major themes and subject areas, and offers a brief summary. Along with providing book report ideas, she cites the strengths of each work, excerpts important reviews, and lists any awards the book has received. Indexed by author, title, subject, curriculum area, reading level, interest level, and genre, *Radical Reads 2* is an indispensable tool for librarians, teachers, and parents alike, and will appeal especially to teens looking for relevant and topical fiction.

biggest snitch in history: Song of Ruse Paul Knox, 2023-11-27 Without a memory . . . who are you? In the electrifying conclusion to the *Crescendo Trilogy*, Agent Reece Cannon is at the edge of an abyss. Her memory is fractured, her past a fragmented jigsaw puzzle that refuses to come together. Now she’s entrenched in the shadowy world of a secret society, her true identity hidden beneath layers of deception. She finds herself inexplicably drawn to the society’s ruthless brand of justice — a stark echo of the brutality she’s endured through the years. Straddling the line between right and wrong, her identity begins to blur. Could Reece become an instrument of the very society

she set out to dismantle? Across the divide, Agent Tommy Shanahan is locked in his own battle. Consumed by worry for Reece, he grapples with his mounting concern for her safety, and a heart-rending confession of love he fears she might never remember. As he fights to protect Reece from the dangers of her job, their relationship — if you can call it that — consists of forgotten memories and unspoken emotions. Unveiling an intricate tapestry of manipulation, the secret society's influence stretches back to the dawn of American history. They have been the orchestrators behind countless events, their shadowy tendrils shaping the course of nations, giving birth to countless conspiracies. As the shroud lifts and past deceptions come to light, the society's grip on the country's destiny is revealed to be far more sinister than anyone could have imagined. Get ready for a crescendo of suspense, and a denouement that will leave you breathless. Are you ready to hear the . . . Song of Ruse?

biggest snitch in history: The Brotherhoods Guy Lawson, William Oldham, 2006-11-28 From New York Times bestselling author Guy Lawson, a chilling true crime account of two New York police officers who betrayed their shields to work for the mob. **INSIDE THE MOB. INSIDE THE NYPD. THE LAST GREAT MAFIA BOOK OF OUR TIME.** The Brotherhoods is the chilling chronicle of the shocking crimes of NYPD detectives Stephen Caracappa and Louis Eppolito, notorious rogue cops found guilty in April 2006 of the ultimate form of police corruption -- shielding their criminal deeds behind their badges while they worked for the mafia. Their crimes include participation in the murders of at least eight men, kidnapping, and the betrayal of an entire generation of New York City detectives, federal agents, and prosecutors. One of the most spectacular police corruption scandals in the city's history, proclaimed the New York Times in its front-page coverage of the jury's verdict. This gripping, true-life detective story is remarkable for its psychological intrigue, criminal audacity, and paranoid, blood-soaked fury. Written by prize-winning journalist Guy Lawson and William Oldham, the brilliant detective who quietly and relentlessly investigated the rogue cops for seven years, The Brotherhoods provides unparalleled access to the secretive workings of both the NYPD and organized crime -- their hierarchies, rituals, and codes of conduct. Sprawling from Manhattan to Las Vegas to Hollywood, this incredible story features wiseguys, hit men on the lam, snitches, cops on the take, girlfriends who should know better, a crooked accountant, corrupt jewelers, streetwise detectives, flamboyant defense attorneys, ice-cool prosecutors, a distinguished federal judge, and a gallery of other unforgettable characters, many hiding secrets they are afraid to reveal. In yet another turn of events, in June 2006 a federal judge vacated the convictions on statute of limitations grounds, even as he cited overwhelming evidence that Caracappa and Eppolito had committed heinous and violent crimes. The U.S. Attorney's Office, which had won the convictions, has appealed the ruling. The conviction of the two men by a jury and the judge's reiteration of their guilt underscore the amazing story of The Brotherhoods. Destined to rank with such modern crime classics as *Serpico*, *Donnie Brasco*, and *Wiseguy*, this quintessential American mob tale goes to the hearts of two brotherhoods -- the police and the mafia -- and the two cops who belonged to both.
