The battlefield doesn't discriminate, and neither does war. But have you ever heard the untold stories of the women who've fought on the front lines? Meet Payton Thorton—a young soldier who embodies the courage, sacrifice, and heartache of every woman who has ever served. An ambitious and fiercely determined Army Private, Payton enlisted to prove something to herself and to the world. War is Payton's relentless enemy, but it's not just the bullets and bombs she battles—it's the inner demons that follow her home. From the trauma of combat to the scars that never heal, Payton's greatest fight is with the invisible wounds that threaten to destroy her sense of self, her relationships, and her future. It's the deep-seated belief in duty, honor, and the bonds of sisterhood that push her to endure the unimaginable. But as she navigates the chaos of war and the heartache of loss, she must confront the harsh realities of what it truly means to serve—and survive. fort jackson basic training graduation 2024: *A HERO'S JOURNEY* Mose M. Kinsey,

2024-07-25 What's a Hero? Heroes come in all shapes, sizes, ages, and Male or Female. They are everyday people in our communities and society. The label Hero is given to someone for many reasons. The first thing that comes to mind are acts of bravery on the battlefield; a Police Officer in the line of duty; a Firefighter pulling someone from a burning building. The word Hero is a very complex term and it has evolved over time. A Hero can be someone whom inspires others to do a common good for themselves and others in their community. One that sets high standards for himself or herself. Someone whose deeds and accomplishments are worthy of praise by others. One that overcame tremendous odds against them and inspired others to do the same. They are people whom are not afraid to stand up for what they believe is right. Someone whom helps when the benefit and praise is knowingly going to someone else. Soldiers whom chose to defend our country while knowing and understanding that they may not survive their journey of service to their Country. By Mose M. Kinsey

fort jackson basic training graduation 2024: Tomlinson Hill Chris Tomlinson, 2014-07-22

A New York Times Best Seller! Tomlinson Hill is the stunning story of two families—one white, one black—who trace their roots to a slave plantation that bears their name. Internationally recognized for his work as a fearless war correspondent, award-winning journalist Chris Tomlinson grew up hearing stories about his family's abandoned cotton plantation in Falls County, Texas. Most of the tales lionized his white ancestors for pioneering along the Brazos River. His grandfather often said the family's slaves loved them so much that they also took Tomlinson as their last name. LaDainian Tomlinson, football great and former running back for the San Diego Chargers, spent part of his childhood playing on the same land that his black ancestors had worked as slaves. As a child, LaDainian believed the Hill was named after his family. Not until he was old enough to read an historical plaque did he realize that the Hill was named for his ancestor's slaveholders. A masterpiece of authentic American history, Tomlinson Hill traces the true and very revealing story of these two families. From the beginning in 1854— when the first Tomlinson, a white woman, arrived—to 2007, when the last Tomlinson, LaDainian's father, left, the book unflinchingly explores the history of race and bigotry in Texas. Along the way it also manages to disclose a great many untruths that are latent in the unsettling and complex story of America. Tomlinson Hill is also the basis for a film and an interactive web project. The award-winning film, which airs on PBS, concentrates on present-day Marlin, Texas and how the community struggles with poverty and the legacy of race today, and is accompanied by an interactive web site called Voice of Marlin, which stores the oral histories collected along the way. Chris Tomlinson has used the reporting skills he honed as a highly respected reporter covering ethnic violence in Africa and the Middle East to fashion a perfect microcosm of America's own ethnic strife. The economic inequality, political shenanigans, cruelty and racism—both subtle and overt—that informs the history of Tomlinson Hill also live on in many ways to this very day in our country as a whole. The author has used his impressive credentials and honest humanity to create a classic work of American history that will take its place alongside the timeless work of our finest historians

fort jackson basic training graduation 2024: ...God's Still Calling... James R Needham,

2024-01-31 his book is the life journey of a seventy-nine-year-old man who was asked by his grandchildren, "What did you do before you met Grandma?" He pondered the thought, intrigued by the question, and answered that he had done a thing or two they might be interested in: produced television programs, helped produce The Joy of Painting programs with Bob Ross, worked for President Nixon on a special project and with the woman who edited the original Jaws movie. When they sat there, eating dessert after Thanksgiving that day in 2017, their eyes rapt with attention, he fleshed out the stories a bit to see if they really were interested. They seemed to be, so he asked them, "If I wrote it down, would you read it?" "Oh yes, Grandpa," they urged him. "Would you do that for us?" And that became the odyssey that is now this book. Grandpa Jim has been on television most of his life, tested his parents' limits as a small child, fought with a skunk and lost, nearly lost his life several times by refusing to be an obedient child and driving too long multiple times when he was tired and going off the road. And as a nine-year-old, Jim and a friend dug a cave in a clay and sand field beside the Chicago and Eastern Illinois Railroad, switching yard near Chicago, where one day, the cave collapsed. Now, every time he sees his grandchildren, their plaintive cry is, "Are you finished with the book yet, Grandpa?" Fortunately, he lived to tell the cave-in story. But his misbehavior isn't the focus. His off-again, on-again journey with God is the story, with many adventures and misadventures along the way. As an adult who has recommitted his life to Christ, Jim has been a Young Life Leader, an Adult Sunday School teacher, a Mission Committee Chair, Mission Team Leader, television producer, talk-show host, mentor, and Teacher of the Year for the TCOM—now MEDIA Department at a Major University. Most of all, for over forty-seven years, he has been learning to see God's fingerprints wherever he goes, and you will too. It is an adventure worth joining and one you will never, ever forget.

fort jackson basic training graduation 2024: The Unit Adam Gamal, Kelly Kennedy, 2024-02-20 The first and only book to ever be written by a member of America's most secret military unit—an explosive and unlikely story of service and sacrifice. Inside our military is a team of operators whose work is so secretive that the name of the unit itself is classified. Highly-trained in warfare, self-defense, infiltration, and deep surveillance, the Unit, as the Department of Defense has asked us to refer to it, has been responsible for preventing dozens of terrorist attacks in the Western world. Never before has a member of this unit shared their story — until now. From Adam Gamal, one of the only Muslim Arab Americans to serve inside “the Unit, comes an incisive firsthand account of our nation’s most secretive military group. When Adam arrived in the United States at the age of twenty, he spoke no English, and at 5’1” and 112 pounds, he was far from what you might expect of a soldier. But compelled into service by a debt he felt he owed to his new country, he rose through the ranks of the military to become one of its most elite and skilled operators. With humor and humility, Adam shares stories of life-threatening injuries, of the camaraderie and capabilities of his team, and of the incredible missions—but also of the growth he experienced as he learned to understand his own moderate faith. Enthralling and eye-opening, *The Unit* is at once a gripping account of the fight against terror, an urgent examination of the need for diversity, and an inside look at how America fights its battles abroad in the modern age of terrorism. This edition includes a 16 page color photo insert.

fort jackson basic training graduation 2024: No Bullet Got Me Yet John Stansifer, 2024-03-12 *A 2025 Kansas Notable Book!* The incredible story of Father Emil Kapaun, the most decorated chaplain in US military history, who has been declared “Venerable” by Pope Francis and is now a step closer to Sainthood. Father Emil Kapaun, a humble priest, went far beyond the call of duty during World War II and the Korean War. Often found with the combat medics on the front lines, unarmed, ministering to the wounded, and known for his intense devotion to the soldiers whom he called “my boys,” Kapaun became the most decorated chaplain in US military history, awarded a Medal of Honor, the Distinguished Service Cross and the Legion of Merit. But Father Kapaun’s leadership, bravery and selflessness don’t end there. When the story of human history is over, evil, death, darkness—they don’t get the final word. It was Father Kapaun’s love for God that gave him the courage to lay down his life for his friends and for his country. Writer John Stansifer has spent years interviewing veterans and ex-POWs. Coupled with other interviews or self-published war experiences, as well as material from the National Archives and rare access to thousands of unseen documents, *No Bullet Got Me Yet* unveils the compelling history of the life of Father Kapaun as related by his friends, family and fellow soldiers, as well as in his own words from the numerous letters he wrote from the 1930s all the way to the battlefields of the Korean War.

fort jackson basic training graduation 2024: All in the Family Robert O. Self, 2012-09-18 A “brilliant” history of American beliefs about the family, and how those ideas have affected our politics since the 1960s (*Washington Monthly*). In the 1960s, Lyndon Johnson’s Great Society and War on Poverty promised an array of federal programs to assist working-class families. In the 1980s, Ronald Reagan declared the GOP the party of “family values” and promised to keep government out of Americans’ lives. Again and again, historians have sought to explain the nation’s profound political realignment from the 1960s to the 2000s, five decades that witnessed the fracturing of liberalism and the rise of the conservative right. The award-winning historian Robert O. Self is the first to argue that the separate threads of that realignment—from civil rights to women’s rights, from the antiwar movement to Nixon’s “silent majority,” from the abortion wars to gay marriage, from the welfare state to neoliberal economic policies—all ran through the politicized American family. Based on an astonishing range of sources, *All in the Family* rethinks an entire era, from the

Great Society's default assumption of a white heterosexual man at the head of each household to the quests for equal rights and opportunities for a broader range of citizens and a more inclusive idea of the American family. He discusses the Roe v. Wade decision and antidiscrimination protections in the workplace, and the furious conservative backlash that began in the 1970s as figures such as George Wallace, Phyllis Schlafly, Anita Bryant, and Jerry Falwell built a political movement based on the perceived moral threat to the traditional family. Self writes that "family values" conservatives in fact paved the way for fiscal conservatives, and that Reagan's presidency united the two constituencies—which remained for decades the base of the Republican Party. This is a "powerful, well-researched account of how the efforts of marginalized groups to assert their rights as citizens ran up against the resistance of entrenched privilege, setting the stage for the polarization that grips US politics today. . . [Self] reminds us that our democracy is an imperfect thing, only as noble as the people who constitute it" (The Boston Globe).

fort jackson basic training graduation 2024: *What Side Are You On?* Michael Steven Wilson, José Antonio Lucero, 2024-06-04 Renowned human rights activist Michael "Mike" Wilson has borne witness to the profound human costs of poverty, racism, border policing, and the legacies of colonialism. From a childhood in the mining town of Ajo, Arizona, Wilson's life journey led him to US military service in Central America, seminary education, and religious and human rights activism against the abuses of US immigration policies. With increased militarization of the US-Mexico border, migration across the Tohono O'odham Nation surged, as did migrant deaths and violent encounters between tribal citizens and US Border Patrol agents. When Wilson's religious and ethical commitments led him to set up water stations for migrants on the Nation's lands, it brought him into conflict not only with the US government but also with his own tribal and religious communities. This richly textured and collaboratively written memoir brings Wilson's experiences to life. Joining Wilson as coauthor, José Antonio Lucero adds political and historical context to Wilson's personal narrative. Together they offer a highly original portrait of an O'odham life across borders that sheds light on the struggles and resilience of Native peoples across the Americas.
