free printable father s day worksheet: **Memoirs of a Deployed Airman** Patrick B. Monahan, 2009 Almost as if it were a dream, day number 360 came and I was transported into another world. The flights were long, but within just a couple of days, I found myself back at my original starting point-Salt Lake City, Utah. Before arriving in Salt Lake City though, I was greeted by my parents and my in-laws at Baltimore-Washington International (BWI) airport. As I scrambled through the baggage claim area and customs, I made my way towards my release from the regimented deployment world. Both sets of parents were poised and ready to greet me and my friends returning from overseas. Upon catching a glimpse of me, they popped out of their seats and

began waving small American flags in my general direction. It was very nice to see them and it was a nice patriotic sight. I arrived at the airport at approximately midnight and I was hungry, so we all went out to eat at an all night diner in Arlington, Virginia. It was about 0300 in the morning when we finished up our meal and headed back to my in-laws house to sleep. I caught an 1800 flight the next day which brought me to Salt Lake City at approximately 2300 that night. The second leg of my flight from Phoenix, Arizona was very comfortable and relaxing. Wearing my DCUs, one of the flight attendant's decided to move me to First Class. Not only did this provide me with more comfort, but it also provided me an opportunity to sit next to her husband who had joined her on the flight. I had a really nice conversation with the flight attendant's husband throughout the flight. Then, as we landed in Salt Lake City, the flight attendant announced to all of the people on the flight that I had just returned home from the war in Afghanistan. Everyone began to clap and I received the honor of being the first person off of the airplane. I then began my mad dash towards my family. People noticed that I was in uniform, holding two little bears (one for each of my girls), and I was practically running, so everyone pretty much got out of my way. Within minutes, I saw Melanie holding a Welcome Home poster and my girls waving small American flags. It was a very impressive and precious sight. I scooped up both of my daughters in my hands and I embraced the whole family. The nice thing was that Suzanna didn't cry...everyone seemed to at least have some idea who I was this time. In fact, Annabelle wouldn't hardly let me go out of her sight for the next few days. I learned several days later that Annabelle had a lot of trouble sleeping while I was gone...which was attributed to me not being there and her not knowing when I would come home. This latter fact is what changed my mindset from wanting to go back to the combat zone any time soon. While I was gone, I made the most of my deployment and I even learned to enjoy many aspects of the adventure. However, when you see the effects of being gone on the homefront, nothing else seems to matter but family. Would I go again? Absolutely. But, I would certainly wait for my number to come up or for someone to come asking for my assistance a little more passionately. When I arrived at my actual home in the Ogden, Utah area, I quickly noticed several decorations on the property. I hadn't expected such extravagance, but I was certainly impressed by what I saw. As I walked around the house and the yard in my civilians clothes the next day, surrounded by my family, I finally felt like I was home.

free printable father s day worksheet: *Slavery* Pat Perrin, 2000 Folder includes research notes and other material such as journal articles, and copies of and extracts from Jefferson-related correspondence.

free printable father s day worksheet: *WAKE Up to Your Potential!* Albert Mensah, 2011-02-15 Adversity. A fancy word for tough times. While it's true that we all face challenges and hardships during our lives, it seems that more and more of us are faced with them right now. And, we all know that we're most likely to feel what others around us are feeling. If those around us are feeling lost, hopeless, and pessimistic about the future, then guess what? We're going to feel that way too. It's the herd mentality come to haunt us, again. We don't like to think of ourselves as members of a herd, but let's face it; our society can be seen as one. Herd mentality, of course, describes how people are influenced by their peers to adopt certain behaviors, follow trends in action or thought. Currently the trend is toward 'negative thinking, ' which can be contrasted to the optimistic trend of the 1950 post-war era in America, where prosperity-for-all was thought to be both possible and probable. It was Friedrich Nietzsche, the German philosopher, who coined the phrase. These human herds could be divided into two groups. One group assumes a religious point-of-view, and their beliefs dictate their actions. The other group is influenced by the media and their actions are based upon what others perceive as 'right.' Today, 'right' thinking includes the opinions of media pundits, stock market analysts, and others who claim that the American Dream is dead, or at least terminally-ill. And where there's one negative thinker, there can be a dozen who are influenced by them. While Nietzsche saw these examples of group thinking to be reflections of weakness in the human social spirit, he did create the concept of the Superman, that person who overcomes the values of the herd. That's what you're going to re-create yourself into; that Superman or Superwoman who rejects the common thinking of others in their reality. Only by discarding that negative thinking can you truly wake up to the opportunities around you and take advantage of them.

free printable father s day worksheet: Mamaskatch Darrel J. McLeod, 2019-06-11 As a small boy in remote Alberta, Darrel J. McLeod is immersed in his Cree family's history, passed down in the stories of his mother, Bertha. There he is surrounded by her tales of joy and horror—of the strong men in their family, of her love for Darrel, and of the cruelty she and her sisters endured in residential school—as well as his many siblings and cousins, and the smells of moose stew and wild peppermint tea. And there young Darrel learns to be fiercely proud of his heritage and to listen to the birds that will guide him throughout his life. But after a series of tragic losses, Bertha turns wild and unstable, and their home life becomes chaotic. Sweet and eager to please, Darrel struggles to maintain his grades and pursue interests in music and science while changing homes, witnessing domestic violence, caring for his younger siblings, and suffering abuse at the hands of his brother-in-law. Meanwhile, he begins to question and grapple with his sexual identity—a reckoning complicated by the repercussions of his abuse and his sibling's own gender transition. Thrillingly written in a series of fractured vignettes, and unflinchingly honest, Mamaskatch—"It's a wonder!" in Cree—is a heartbreaking account of how traumas are passed down from one generation to the next, and an uplifting story of one individual who overcame enormous obstacles in pursuit of a fulfilling and adventurous life.
