free printable substitute teacher forms: Deaf Children in Public Schools Claire L. Ramsey, 1997 In this pioneering book, Ramsey assesses the progress of three second-grade deaf students by first pointing out that they were placed in two different environments: with the general population of hearing students, and separately with other deaf and hard of hearing children. Her study reveals that although both settings were ostensibly educational, inclusion in the general population was done to comply with the law, not to establish specific goals for the deaf children. In contrast, self-contained classes for deaf and hard of hearing children were designed especially to concentrate upon their particular learning needs. This cohesive book offers educators, scholars, and parents a remarkable stage for assessing and enhancing the educational context for the deaf children within their purview.

free printable substitute teacher forms: LGBTQIA+ Inclusive Children's Librarianship Lucy Santos Green, Jenna Spiering, Vanessa Lynn Kitzie, Julia Erlanger, 2022-05-16 This book breaks new ground, offering school and public librarians serving children in grades K-8 a roadmap for implementing and upholding queer-inclusive programs, policies, and services. School and public librarians are serving ever greater numbers of LGBTQIA+ children and families. Transgender children may begin to express a strong sense of gender identity as early as 2-3 years of age. Children are also identifying as gay much sooner than earlier generations-often between the ages of 7 and 12. Additionally, more children than ever before are living with LGBTQIA+ caregivers. In seeking to make our programs and services inclusive and equitable for these growing populations, librarians may court controversy and face community backlash from patrons who feel queer-inclusive content is inappropriate for young children. This book codifies a set of best practices for librarians as they rise to this challenge, defining queer-inclusive programs, identifying potential barriers to implementation, and offering strategies and resources to overcome them.
