Common Frontier Flight Attendant Video Interview Questions

Familiarizing oneself with typical frontier flight attendant video interview questions is vital for delivering well-prepared answers. These questions often focus on assessing customer service skills, safety knowledge, teamwork, and problem-solving abilities. Understanding the themes behind these questions helps candidates tailor their responses to highlight relevant experiences and attributes. The questions usually fall into behavioral, situational, and motivational categories.

Behavioral Questions

Behavioral questions aim to uncover how candidates have handled situations in

the past, as past performance is often indicative of future behavior. Examples of such questions include:

- Describe a time when you had to handle a difficult customer.
- Tell us about a situation where you worked successfully as part of a team.
- Explain how you managed a stressful or emergency situation.

Responding to these questions with specific examples using the STAR method (Situation, Task, Action, Result) can demonstrate competence and professionalism.

Situational Questions

Situational questions present hypothetical scenarios to evaluate how candidates might react under certain circumstances relevant to the flight attendant role. For example:

- What would you do if a passenger refused to follow safety instructions?
- How would you handle a medical emergency onboard?
- Describe your approach to calming anxious passengers during turbulence.

Providing clear, thoughtful answers that emphasize passenger safety and comfort is crucial for these questions.

These questions explore the candidate's motivation for applying and their alignment with Frontier Airlines' values. Examples include:

frontier flight attendant video interview questions: 295 Flight Attendant Interview Questions with Answers That Work , 2020-01-15 295 FLIGHT ATTENDANT INTERVIEW QUESTIONS WITH ANSWERS THAT WORK is a very unique book which evolved from the first edition which had only 101 questions in 1998. It has always been a companion to another book written by Tom Janovsky, called FLIGHT ATTENDANT CAREER (ISBN 978-1-7337588-0-2). The fifth edition of that book was published in 2019. Both books helped thousands to the highly coveted job as a flight attendant. Tom Janovsky spent years working for the airlines and by far he enjoyed the most working for Delta Air Lines as a flight attendant.. He attended many Open Houses for the flight attendant job and saw that while he always got in, there was a huge number of those who have come to one interview after another but were always rejected. Since he had a knack for simplifying concepts (wrote several manuals for physicians and nurses when working as a registered nurse in Critical Care), he authored his first book on how to succeed at airline interviews. This question and

answer book is now in its 5th edition. It owes its success to the system used for preparing flight attendant candidates for the tough interviews. It features all questions Tom collected around the world over the last two decades, and each question is followed by an answer that worked for many people during interviews. Those answers are merely examples so that each candidate can come up with his or her own answer that is uniquely theirs, but along the successful line. It is profusely illustrated, mainly but great aviation photos taken by a Czech aviation professional, Mr. Martin Novak.
