i am a church member study guide: The Elephant in the Room Sadrail Saint-Ulysse PhD MDiv, 2022-04-12 I write this book to do something that most would consider unwise as a current employee of the Seventh-day Adventist Church. I call or appeal for systematic change--change in policies that have kept the financial support from tithe and other sources to Adventist elementary and other sources to Adventist schools at minimal. Please don't think of me as a brave one who dares to go where many have not gone before. I am not... I speak out because we need policy changes at every level. Fairness is not giving everyone the same thing but to give each person what he or she needs to succeed. Many businesses are rethinking how to move forward post the pandemic. We, too, as a church, need to do the same. In the Old Testament, God instructed his people to pass on their

faith to their children by intentionally teaching them God's statutes and commandments (Deuteronomy 6:4-8 and Isaiah 54:13). Similarly, the Christian Church receives its marching orders from Jesus in the Great Commission found in Matthew 28:16-20. Jesus directs the church to make disciples of all nations by baptizing and teaching. Church schools are needed to partner with parents and the church as a whole to educate children. Ellen G. White, cofounder of the Seventh-day Adventist Church, who earlier encouraged the Seventh-day Church to focus on foreign missions, stated--in addressing church schools in the book *Testimonies for the Church*, volume 6--that the children are not to be neglected. She writes, We cannot call ourselves true missionaries if we neglect those at our very doors who are at the most critical age and who need our aid to secure knowledge and experience that will fit them for the service of God. Her solution to financing church schools is simple: Let all share the expense. Enrollment in Christian elementary and secondary schools have been dropping nationwide. Many families in North America, especially new immigrant families, are not able to afford the tuition to send their children to church schools. Several church schools have closed. In this book, Dr. Sadraï Saint-Ulysse, an ordained minister and educator of the Seventh-day Adventist Church, addresses the challenges of operating Christian schools at the elementary and secondary levels after serving for nearly twenty-five years as a pastor and educator, with the hope that the burden of operating church schools can be shared by the entire church--local, state, national, and worldwide--to alleviate this burden. The book challenges parents, teachers, principals, school boards, church members, and church leaders at every level to make the needed policy changes to ensure that church schools are financed in a sustainable manner.

i am a church member study guide: *New Testament Study Guide, Pt. 3* Randal S. Chase, 2010-12-08 *New Testament Study Guide, Pt. 3: The Epistles & the Book of Revelation*. This volume is the third of three on the New Testament. An unusually large volume, it covers most of the Book of Acts, the New Testament epistles, and the Book of Revelation. We read of Saul's conversion and then follow him as the Apostle Paul as he takes his five major journeys throughout the Mediterranean area. The book of Acts provides the historical context to his journeys. Along the way, we read his teachings in his 14 marvelous epistles to early Church members. Eventually, we follow Paul to Rome where he was martyred for the cause of Christ. This volume also covers the epistles of James, Peter, John, and Jude. And finally, we read the Book of Revelation? John's apocalyptic messages written while he was on the Isle of Patmos. The cover features a classic painting of ?St. Paul at His Writing Desk,? painted by Rembrandt in 1692.

i am a church member study guide: *Points of Connection* Joshua A. Stone, 2024-04-19 *Points of Connection: Realizing the Potential for Improving the Church Membership Process* Church member assimilation is key to growth for the Christian and has been particularly difficult for many churches since the recent pandemic. A highly assimilated church is a church where all members are encouraged in tangible ways in their walk with Jesus Christ as their personal Savior by embodying the great apologetic: ...but speaking the truth in love, we are to grow up in all aspects into Him who is the head, that is, Christ, from whom the whole body, being fitted and held together by what every joint supplies, according to the proper working of each individual part, causes the growth of the body for the building up of itself in love. (Ephesians 4:15-16 NASB 2020) Using a structured program evaluation, the author sought to gain insight from new church members by interviewing a cross-section of new members who had joined within a two-year period. Participants included a diverse group of church members, including younger adults, single adults, married adults, seasoned believers, and new believers, ensuring that all demographics of the church family were represented. The participants interviewed had ample time to assimilate prior to the interviews. The end goal was to determine why some members might not be assimilating well since joining the church, and to get

more members on the path to discipleship and service and connection to the local body of Christ through participatory membership. The responses identified ways that the church can reach more people, increase engagement, and move people along to serving well as fully assimilated members. In a supported effort to assimilate church members well, this book will showcase a streamlined process of walking new members through the process of assimilation by helping them to connect with other believers, with church leadership, and with areas of service where they may employ their spiritual gifts. This book may serve as a guided resource for pastors, church staff members and leaders in the church as they help new members to find points of connection within the church.

i am a church member study guide: Breakthrough Ken Braddy, 2022-08-16 A church without discipleship is just a gathering. It is an important distinction that many pastors and leaders have known for years. In leading their churches well, pastors have provided a trustworthy curriculum, enlisted gifted teachers, and have made sure to offer times for members to gather and fellowship with each other. However, amid all these gatherings, one question kept popping up among leaders, "How do we know if what we are doing is working?" Over the years, leaders have tried to answer this question with numbers. If people attended these groups and seemed to enjoy the material, then they must be finding success. Ken Braddy, the director of Sunday school for Lifeway Christian Resources, felt that there had to be a better way to measure what matters. In Breakthrough, Ken guides leaders to measure their groups by observing if they are discipling each other, if they are caring for others in and outside of their group, and if they are engaging in acts of service. Breakthrough offers a new scorecard for leaders to not only track the progress of their groups but measure their success.
