

i feel pressured to take my driving exam

i feel pressured to take my driving exam is a common experience among many aspiring drivers. This pressure can come from various sources including family expectations, peer influence, or personal anxieties about the responsibilities that come with driving. Feeling stressed or rushed to take the driving test may affect performance and confidence levels, making it essential to understand the underlying causes and explore effective coping strategies. Additionally, preparing adequately for the driving exam through comprehensive practice and knowledge review plays a significant role in reducing pressure. This article will delve into why this pressure arises, how to manage it, and practical tips to ensure a positive driving exam experience. The following sections provide a detailed guide to help those who feel overwhelmed by the prospect of taking their driving test.

- Understanding the Sources of Pressure
- Effects of Pressure on Driving Exam Performance
- Strategies to Manage and Reduce Exam Pressure
- Preparation Tips for a Successful Driving Exam
- Seeking Support During the Driving Test Process

Understanding the Sources of Pressure

Recognizing where the pressure to take the driving exam originates is the first step in managing it effectively. Pressure can stem from a variety of external and internal sources, each contributing uniquely to the overall stress experienced by learners.

Family Expectations

Family members often have expectations about when an individual should obtain their driver's license. Parents or guardians may emphasize the importance of passing the exam promptly for practical reasons, such as facilitating independence or reducing transportation responsibilities. Siblings or extended family might also contribute to this pressure by comparing progress or expressing their own opinions.

Peer Influence

Friends and peers who have already acquired their licenses can unintentionally create a competitive environment. The desire to keep up with peers or avoid feeling left behind can intensify the urge to take the driving exam quickly, sometimes before one feels fully prepared.

Personal Anxiety and Self-Imposed Pressure

Internal factors such as fear of failure, perfectionism, or high personal standards can generate significant pressure. Individuals may set unrealistic expectations for themselves or worry excessively about the consequences of not passing the test on the first attempt.

External Deadlines and Requirements

Certain situations, such as needing a license for employment or school, impose strict timelines that can increase pressure. Official deadlines or appointment schedules may also add to the sense of urgency, leaving little room for flexibility in preparation.

Effects of Pressure on Driving Exam Performance

Understanding how pressure affects performance during the driving exam is crucial. The driving test

requires both practical skills and mental composure, and excessive stress can impair these abilities.

Impact on Concentration and Decision-Making

High levels of anxiety can reduce focus, leading to mistakes or hesitation during critical driving maneuvers. Pressure may cause overthinking or second-guessing, which negatively affects smooth driving and timely responses.

Physical Symptoms of Stress

Stress can manifest physically through symptoms such as increased heart rate, sweating, trembling hands, or shallow breathing. These physiological responses can interfere with the ability to control the vehicle confidently and safely.

Reduced Confidence and Self-Efficacy

Feeling pressured often undermines self-confidence, which is essential for successful driving. Doubting one's abilities may lead to poorer performance or reluctance to attempt the exam altogether.

Strategies to Manage and Reduce Exam Pressure

Effective management of exam pressure involves adopting practical psychological and behavioral techniques that help maintain calmness and focus before and during the test.

Developing a Realistic Mindset

Setting achievable goals and accepting that mistakes are part of the learning process can alleviate undue stress. Understanding that passing the driving exam may take more than one attempt helps

reduce fear of failure.

Practicing Relaxation Techniques

Incorporating relaxation methods such as deep breathing exercises, mindfulness meditation, or progressive muscle relaxation can reduce anxiety levels. These techniques improve mental clarity and physical calmness.

Establishing a Supportive Environment

Surrounding oneself with encouraging individuals who provide constructive feedback rather than criticism fosters a positive mindset. Avoiding negative comparisons and focusing on personal progress is key.

Time Management and Scheduling

Allowing sufficient time for preparation and choosing an exam date that feels comfortable rather than rushed diminishes pressure. Planning practice sessions and rest days strategically supports steady improvement.

Preparation Tips for a Successful Driving Exam

Thorough preparation is essential to build confidence and ensure readiness for the driving test. This section outlines effective strategies to enhance driving skills and knowledge.

Comprehensive Practice

Regular practice under varied driving conditions, including different times of day and weather

scenarios, helps develop adaptability and competence. Practicing specific maneuvers required in the exam, such as parallel parking and three-point turns, is crucial.

Studying Driving Rules and Regulations

Reviewing the driver's handbook and understanding traffic laws ensures familiarity with the rules that the examiner will assess. Knowledge of road signs, right-of-way rules, and speed limits contributes to safer driving practices.

Mock Driving Tests

Simulating the exam environment through mock tests can reduce uncertainty and build test-taking skills. These practice runs help identify areas needing improvement and acclimate learners to the exam process.

Maintaining a Healthy Routine

Getting adequate rest, eating well, and staying hydrated before the exam day support optimal physical and mental performance. Avoiding stimulants like caffeine close to the test can also help maintain calmness.

Seeking Support During the Driving Test Process

Accessing support resources can make the experience of preparing for and taking the driving exam less daunting.

Professional Driving Instructors

Enlisting the help of certified instructors provides expert guidance tailored to individual needs.

Instructors can offer constructive feedback, techniques to improve driving skills, and strategies to manage test anxiety.

Family and Friends

Positive encouragement from family and friends can boost morale and motivation. Sharing concerns and receiving reassurance reduces feelings of isolation and pressure.

Online Forums and Communities

Engaging with peer groups or online communities dedicated to learner drivers offers access to shared experiences and advice. These platforms provide emotional support and practical tips.

Professional Counseling or Coaching

For individuals experiencing extreme anxiety or stress, seeking help from mental health professionals or performance coaches can be beneficial. Techniques such as cognitive-behavioral therapy (CBT) are effective in managing exam-related pressure.

- Identify sources of pressure to address them effectively
- Practice relaxation and maintain a positive mindset
- Prepare thoroughly with diverse driving practice and study
- Utilize support networks including instructors and peers

- Manage time and schedule the exam when ready

Frequently Asked Questions

Why do I feel so pressured before my driving exam?

Feeling pressured before a driving exam is common due to fear of failure, high expectations, or lack of confidence in your driving skills. The pressure often comes from wanting to perform well and pass on the first try.

How can I manage anxiety and pressure before my driving test?

To manage anxiety, practice deep breathing exercises, get adequate rest, arrive early to avoid rushing, and visualize a successful test. Preparing thoroughly beforehand can also boost your confidence and reduce pressure.

What are some effective ways to prepare for my driving exam to reduce pressure?

Effective preparation includes practicing driving in various conditions, studying the rules of the road, taking mock tests, and familiarizing yourself with the test route if possible. The more prepared you are, the less pressured you'll feel.

Is it normal to feel pressured by family or friends about passing the driving exam?

Yes, many people feel external pressure from family or friends who have high expectations. It's important to communicate your feelings and focus on your own progress rather than others' expectations.

Can talking to my instructor help reduce the pressure I feel about the driving exam?

Absolutely. Instructors can provide reassurance, clarify what to expect during the test, and give you constructive feedback. This support can help alleviate pressure and improve your confidence.

What should I do if I fail my driving exam due to pressure?

If you fail, try not to be discouraged. Analyze what went wrong, practice more in those areas, and schedule a retest when you feel ready. Many people do not pass on their first try, and it's a normal part of the learning process.

Are there any relaxation techniques I can use right before my driving exam to ease pressure?

Yes, techniques like deep breathing, progressive muscle relaxation, positive affirmations, and mindfulness can help calm your nerves immediately before the exam, allowing you to focus better during the test.

Additional Resources

1. Calm Behind the Wheel: Overcoming Test Anxiety for Driving Exams

This book offers practical techniques to manage stress and anxiety specifically related to driving tests. It includes breathing exercises, visualization methods, and mindfulness practices designed to help learners stay calm and focused. Readers will also find tips on preparing effectively so they feel confident on exam day.

2. Drive with Confidence: Mastering Your Driving Test

A comprehensive guide that covers both the practical skills and psychological hurdles of the driving exam. The author provides strategies to build self-assurance, improve driving techniques, and handle pressure situations. It's ideal for anyone struggling with the fear of failing their test.

3. The Test-Ready Driver: How to Prepare Mentally and Physically for Your Driving Exam

This book emphasizes the importance of mental and physical preparation before taking the driving test. It offers advice on creating a study plan, practicing driving skills consistently, and maintaining a healthy lifestyle to ensure optimal performance. Readers will gain insights into staying motivated and reducing exam-related stress.

4. Pressure-Free Driving: Techniques to Stay Relaxed During Your Test

Focused on easing the psychological burden of driving exams, this book teaches relaxation techniques tailored for high-pressure moments. It discusses common fears and how to reframe negative thoughts. The author also shares stories from others who overcame anxiety to pass their tests.

5. From Nervous to Natural: Building Confidence for Your Driving Exam

This book guides readers through the journey of transforming nervousness into natural confidence. It includes exercises to improve self-talk, build resilience, and develop a positive mindset. Practical advice on test-day routines helps learners approach their exam with ease.

6. Steering Through Stress: Managing Exam Pressure When Learning to Drive

A detailed look at how stress affects driving performance and ways to counteract it. The book offers cognitive-behavioral strategies to manage exam pressure and improve concentration. It's a valuable resource for anyone who feels overwhelmed by the prospect of a driving test.

7. Passing the Driving Test: A Mindful Approach to Success

Combining mindfulness principles with practical driving tips, this book helps readers stay present and attentive during their exam. It encourages developing awareness of thoughts and emotions to prevent panic. The author provides step-by-step guidance to prepare both mind and body for the test.

8. Driving Test Survival Guide: Coping with Anxiety and Building Skills

This guide addresses both the emotional and technical aspects of passing a driving test. It offers coping mechanisms for anxiety and detailed instructions for mastering driving maneuvers. Readers will find motivational stories and expert advice to boost their chances of success.

9. *Confidence on the Road: Beating the Pressure of Your Driving Exam*

Focused on building self-confidence, this book explores the psychological challenges that learners face before their driving test. It provides actionable tips to develop a strong mental attitude and practical driving habits. The book aims to empower readers to approach their exam with calm and assurance.

i feel pressured to take my driving exam: *The Pressured Child* Michael Thompson, PhD, 2011-08-17 The push for students to excel at school and get into the best colleges has never been more intense. In this invaluable new book, the bestselling co-author of *Raising Cain* addresses America's performance-driven obsession with the accomplishments of its kids-and provides a deeply humane response. "How was school?" These three words contain a world of desire on the part of parents to know what their children are learning and experiencing in school each day. Children may not divulge much, but psychologist Michael Thompson suggests that the answers are there if we know how to read the clues and-equally important-if we remember our own school days. School, Thompson reminds us, occupies more waking hours than kids spend at home; and school is full not just of studies but of human emotion-excitement, fear, envy, love, anger, sexuality, boredom, competitiveness. Through richly detailed interviews, case histories, and student e-mail journals, including those of his own children, Thompson illuminates the deeper psychological journey that

school demands, a journey that all children must take in order to grow and develop, whether they are academic aces or borderline dropouts. Most of us remember this journey, if we are honest with ourselves, but our children must experience it in their own way, for better or worse. In stories that are by turns poignant, shocking, uplifting, and inspiring, we see students grapple with the textured reality of their lives, devising their own unique strategies to survive and thrive in school. For parents, this book reveals the hidden emotional landscape of the school day and points toward the answers we both desire and dread as we seek to help our children find success in school and beyond. Bridging the worlds of the growing and the grown-up, and told in Thompson's compassionate voice as both psychologist and father, *The Pressured Child* shows us how to listen for the truth of our children's experience—and how to trust, love, and ultimately let go of a child. It is a crucial book for our stressful age—and an ideal resource for families struggling to survive it.

i feel pressured to take my driving exam: The John Green eSampler John Green, 2011-12-08 Excerpts from four novels by bestselling, award-winning author John Green: *Looking for Alaska*, *An Abundance of Katherines*, *Paper Towns*, and *The Fault in Our Stars*.

i feel pressured to take my driving exam: Circuits for the MRCPCH E-Book Damian Roland, 2007-07-05 This title is directed towards MRCPCH candidates in the UK and other countries where MRCPCH is offered. It provides a complete revision aid for the new OSCE-style MRCPCH clinical exam. It is designed and written to be as close as possible to the actual exam. Each chapter is a 'circuit' and will include all the written stations. The questions are laid out in exactly the same format as the exam, and the answers are written in a friendly style by authors who have recently been through the process and can offer valuable hints and tips. Sample questions mimic exam conditions - there are no clues to the answers, as is usually the case in more traditional system-based books. The fully explanatory answers provide not only clinical information but a framework for answering similar questions - extremely useful on the actual day of the exam. Can be used at the beginning of the revision process - to check progress and highlight weaknesses. Can also be used as a last-minute check right at the end of revision - to be sure all bases have been covered. Ideal for group revision work, especially for the communication and role-play stations.

i feel pressured to take my driving exam: The Medical World , 1902

i feel pressured to take my driving exam: Fraying Michele Gierck, 2015-03-01 Being a carer is not unlike being an interpreter. The task is to listen intently, to catch not only the words but the spirit of the message, and then to immediately pass that on. So too the carer, who is required to listen, to catch the spirit of what is needed, and then to set about to have those needs met. *Fraying* chronicles a mother's and a daughter's journey through memory loss and the medical maze. Michele Gierck finds herself suddenly thrust into the role of primary carer, with no map to navigate the world of aged care and medical bureaucracy. The relationship between the spirited, determined 88-year-old protagonist - who refuses to passively accept medical pronouncements - and her daughter is at times difficult, yet always respectful and loving, warm and upbeat. Together they must develop practical coping strategies, draw on a lifetime with each other and hold onto their sense of humour. Authentic and evocative, *Fraying* will resonate with the tens of thousands of readers living through this experience themselves. Michele Gierck offers wisdom and very practical advice about two of the certainties of life - change and loss.

i feel pressured to take my driving exam: Chi Kung for Health and Vitality (Revised Edition) Kiew Kit, Wong, This clear, easy-to-follow guide, by the internationally acknowledged Grandmaster Wong Kiew Kit, shows how we can all benefit from chi kung's energy-cultivating techniques. The book encourages you to plan your own fitness programme around the unique exercise sequence, which will: * Enhance mind and body fitness. * Develop vitality for a healthy sex life. * Decrease stress. * Prevent and combat illness. This is a fun and fulfilling form of exercise that is equally enjoyable for beginners and practitioners alike.

i feel pressured to take my driving exam: One Flew Over The Rainbow Ruth Ella Moragas, *One Flew Over The Rainbow* by Ruth Ella Moragas will take you from Ruth's troubled yet beautiful childhood, where her vibrant and joyful personality started to fracture; through her teen years of

embracing who she was, despite panic and meltdowns. Into early adulthood where her personality was almost entirely robbed, and mental illness took the forefront. And then culminating in her recent transformation - as the wonder and healing of knowing Jesus and getting creative, helped bring her into recovery. Ruth is now healthy, happy and dreaming again! She has successfully regained who she was always meant to be - and so can you! This book will give you valuable insight and tools for your own recovery (or if you are a carer or professional). Ruth Ella Moragas founded and co-directed mental health organisation Happy Heads UK for 5 years, where people were empowered to look at their gifts, strengths and skills, rather than diagnoses and stigmas. Ruth herself loves to write, paint, dance and sing. Creativity has been one of the most effective outlets in her own recovery from mental health problems. Using all of this valuable experience (and through divine inspiration from the Holy Spirit) Ruth has developed her own, unique recovery tool - The Balance Ball. This is explained thoroughly towards the end of the book, including a full Balance Ball Booklet to help you on your own journey into wellness. Ruth has humbly decided to give this book away for free, because she would love it to help as many people as possible. But if you have read it and would like to donate some money to charities of Ruth's choosing (predominantly Mind, Croydon), please feel free to do so here: www.gofundme.com/one-flew-rainbow If you have read the book and enjoyed it, please feel free to leave a positive review here:

i feel pressured to take my driving exam: *No Ordinary Girl* Tamara Nowitzki, 2012 No Ordinary Girl is about an Australian woman's ambition to achieve her greatest sporting dream. Her autobiography recaptures her journey from learning to swim through to receiving a silver paralympic medal in the presence of family and friends at the Sydney International Aquatic Centre. The story since the silver medal is of struggle and turmoil. Having enjoyed a successful career in the pool, Tamara's struggles with depression, anxiety and obsessive compulsive disorder resulted in trialling numerous medications, hospitalisations and 22 electroconvulsive therapies. With mental illness sabotaging Tamara's success in the pool, the years following her retirement from an elite sporting career have seen an ongoing battle to overcome a life plagued by both physical disability and psychiatric disorders. No Ordinary Girl was written not only to inspire and encourage readers to strive towards their own personal goals and ambitions, but also to reduce the stigmatisation of mental health disorders and to demonstrate that they can strike anyone at anytime. Through this book the author hopes to increase awareness of the issues both mental health disorders and physical disability present to encourage positive community response and acceptance. This book provides a deep insight into the daily living challenges endured by a sufferer of both neurological and psychiatric illness. No Ordinary Girl hopes to promote understanding and empathy. It is simply told as it is.

i feel pressured to take my driving exam: Questions & Answers About Sleep Apnea Sudhansu Chokroverty, 2009-10-06 Whether you're a newly diagnosed patient with sleep apnea, or are a friend or relative or someone suffering from this disorder, this book offers help. The only text available to provide both the doctor's and patient's views, Questions Answers About Sleep Apnea gives you authoritative, practical answers to your questions about the symptoms and diagnosis of sleep apnea. Written by an expert on the subject, with insider commentary from actual patients, this book is an invaluable resource for anyone struggling with the medical, psychological, or emotional turmoil of this condition. Book jacket.

i feel pressured to take my driving exam: *The Fault in Our Stars* John Green, 2012-01-10 The beloved, #1 global bestseller by John Green, author of *The Anthropocene Reviewed* and *Turtles All the Way Down* "John Green is one of the best writers alive." -E. Lockhart, #1 bestselling author of *We Were Liars* "The greatest romance story of this decade." -Entertainment Weekly #1 New York Times Bestseller • #1 Wall Street Journal Bestseller • #1 USA Today Bestseller • #1 International Bestseller Despite the tumor-shrinking medical miracle that has bought her a few years, Hazel has never been anything but terminal, her final chapter inscribed upon diagnosis. But when a gorgeous plot twist named Augustus Waters suddenly appears at Cancer Kid Support Group, Hazel's story is

about to be completely rewritten. From John Green, #1 bestselling author of *The Anthropocene Reviewed* and *Turtles All the Way Down*, *The Fault in Our Stars* is insightful, bold, irreverent, and raw. It brilliantly explores the funny, thrilling, and tragic business of being alive and in love.

i feel pressured to take my driving exam: *The Girls' Guide To Losing Your L-Plates* Maria McCarthy, 2008-09-04 Stylish and fun, *THE GIRLS' GUIDE TO LOSING YOUR L-PLATES* is a deeply practical aid for every girl learning to drive. The initial chapters will help you sift out a good instructor, budget for and get the most from your lessons. There are hints too for the hapless parent/boyfriend who is prepared to take you out practising, and suggestions for keeping your relationship from cracking under the strain. Driving instructors add off-the-record information about the easiest places to pass and the best ways to win over your examiner. Author Maria McCarthy guides you through exactly what to expect in both the theory and the practical test, giving sage advice about managing your nerves and staying calm. There is help with driving once you've passed too, including how to get the best car insurance, and dealing with driving alone or at night. An uplifting chapter is on hand just in case you don't, at first, succeed. *THE GIRLS' GUIDE TO LOSING YOUR L-PLATES* is essential reading for every wannabe on wheels.

i feel pressured to take my driving exam: *Everyday Troubles* Robert M. Emerson, 2015-04-06 From roommate disputes to family arguments, trouble is inevitable in interpersonal relationships. In *Everyday Troubles*, Robert M. Emerson explores the beginnings and development of the conflicts that occur in our relationships with the people we regularly encounter—family members, intimate partners, coworkers, and others—and the common responses to such troubles. To examine these issues, Emerson draws on interviews with college roommates, diaries documenting a wide range of irritation with others, conversations with people caring for family members suffering from Alzheimer's, studies of family interactions, neighborly disputes, and other personal accounts. He considers how people respond to everyday troubles: in non-confrontational fashion, by making low-visibility, often secretive, changes in the relationship; more openly by directly complaining to the other person; or by involving a third party, such as friends or family. He then examines how some relational troubles escalate toward extreme and even violent responses, in some cases leading to the involvement of outside authorities like the police or mental health specialists. By calling attention to the range of possible reactions to conflicts in interpersonal relationships, Emerson also reminds us that extreme, even criminal actions often result when people fail to find ways to deal with trouble in moderate, non-confrontational ways. Innovative and insightful, *Everyday Troubles* is an illuminating look at how we deal with discord in our relationships.

i feel pressured to take my driving exam: *A Hacker, I Am* Craig Ford, 2019-09-07 This book is not your normal cybersecurity book, it's not meant to be read from front to back chapter by chapter, you open it up and pick which chapter piques your interest the most and read that one first. Then choose your next one and read that and continue the process until you have finally read all of them. You may have enjoyed them enough to go back and read your favourites again or you may prefer the last two fantasy chapters at the end of the book. These were created to introduce you to the future hacker fantasy series that is currently being written and give you my readers a bit of a fun finish to *A Hacker, I Am*. By all means though if you want to stick to the old fashioned method of reading a book, knock yourself out and read it from the front to the back, hey you bought the book you should be able to read it however you want too. This book is a collation of previous work, rewritten and adapted for this book. I have then written a lot of new content just for the book, including those fantasy book teasers which I hope you all enjoy. The book as you would have probably guessed it by now is all about Cyber Security but it's not written to be overly technical, it's written so that it can be understood by anyone who wants to learn more about how to better protect themselves. It covers many topics in cybersecurity including IoT, autonomous cars, hackers and many more that I have an opinion on. This book will be great at helping introduce individuals to the area and help them get a better understanding of what to look out for, what problems we are all going to face in the future but also have a bit of fun while we are at it. Or if you are already in the industry then it will be still an entertaining read that can help give you a different perspective on a

few things.

i feel pressured to take my driving exam: Uniaxial Pressure Study of Charge Density Waves in a High-T_c Cuprate Superconductor Hun-ho Kim, 2022-05-07 This book presents comprehensive studies of charge density waves (CDW) in a high-T_c cuprate superconductor using x-ray scattering techniques under uniaxial pressure. Specifically, the work addresses inelastic x-ray scattering studies under uniaxial pressure performed on the underdoped cuprate YBa₂Cu₃O_{6.67}(p=0.12, T_c=65K) with incoming photon energy in the resonant (E=931.3 eV, Cu-L₃ edge) and non-resonant conditions (E=17.794 keV). This is a completely new approach to the investigation of charge density waves. It revealed new features of charge density waves in cuprates, whose properties had previously been inaccessible..

This book is a must read for anyone facing Breast Cancer !! "The Journey" offers the reader, answers and solutions to many of your un-answered questions. If you are faced with a diagnoses of breast cancer and lymphedema, Freda's experience will help you to understand what is actually happening to your body and help guide you while making the many decisions which will affect not only your whole life, but your relationships with your partner and indeed your whole family. You will better understand the importance of managing lymphedema and be informed concerning what is right or wrong in controlling this often mis-understood and under diagnosed condition. The medical expertise included in this book is invaluable towards helping you to make the necessary preparations when facing breast cancer. The information provided by Dr. Erik Maus will be essential in helping you protect your limbs should you develop lymphedema, whether after your surgery or many years later.

i feel pressured to take my driving exam: The Unlikely Art of Parental Pressure Dr. Christopher Thurber, Hendrie Weisinger, 2021-07-20 The Right Kind of Parental Pressure Puts Kids on a Path to Success. The Wrong Kind Can Be Disastrous. Level up your parenting with this positive approach to pushing your child to be their best self. Parents instinctively push their kids to succeed. Yet well-meaning parents can put soul-crushing pressure on kids, leading to under-performance and serious mental health problems instead of social, emotional, and academic success. So where are

they going astray? According to Drs. Chris Thurber and Hendrie Weisinger, it all comes down to asking the right question. Instead of "How much pressure?", you should be thinking "How do I apply pressure?" The Unlikely Art of Parental Pressure addresses the biggest parenting dilemma of all time: how to push kids to succeed and find happiness in a challenging world without pushing them too far. The solution lies in Thurber and Weisinger's eight methods for transforming harmful pressure to healthy pressure. Each transformation is enlivened by case studies, grounded in research, and fueled by practical strategies that you can start using right away. By upending conventional wisdom, Thurber and Weisinger provide you with the revolutionary guide you need to nurture motivation, improve your interactions with your child, build deep connections, sidestep cultural pitfalls, and, ultimately, help your kids become their best selves.

Related to i feel pressured to take my driving exam

I've failed my driving test 4 times - I'm over manuals (Hosted on MSN15d) Pulling into the test centre, I felt excitement bubbling up inside of me. I'd just finished my first driving test and my three-point turn, mirror, signal, manoeuvre, and traffic awareness were so
