i have a dream speech theme: Performing Prose Chris Holcomb, M. Jimmie Killingsworth, 2010-05-06 In *Performing Prose*, authors Chris Holcomb and M. Jimmie Killingsworth breathe new life into traditional concepts of style. Drawing on numerous examples from a wide range of authors and genres, Holcomb and Killingsworth demonstrate the use of style as a vehicle for performance, a way for writers to project themselves onto the page while managing their engagement with the reader. By addressing style and rhetoric not as an editorial afterthought, but as a means of social interaction, they equip students with the vocabulary and tools to analyze the styles of others in fresh ways, as well as create their own. Whereas most writing texts focus exclusively on analysis or techniques to improve writing, Holcomb and Killingsworth blend these two schools of thought to provide a singular process of thinking about writing. They discuss not only the benefits of conventional methods, but also the use of deviation from tradition; the strategies authors use to vary their style; and the use of such vehicles as images, tropes, and schemes. The goal of the authors is to provide writers with stylistic "footing": an understanding of the ways writers use style to orchestrate their relationships with readers, subject matter, and rhetorical situations. Packed with useful tips and insights, this comprehensive volume investigates every aspect of style and its use to present an indispensable resource for both students and scholars. *Performing Prose* moves beyond customary studies to provide a refreshing and informative approach to the concepts and strategies of writing.

i have a dream speech theme: Gratitude for the Wild Nathaniel Van Yperen, 2019-06-17 Since the passage of the Wilderness Act of 1964, a hotly contested debate over the value of wilderness reveals cultural anxieties about an American society that has spurned limits. *Gratitude for the Wild* explores how the wild known in wilderness raises our tolerance for mystery in the recognition of our limits and in the celebration of a God-loved world that exceeds our grasping. The idea of wilderness introduces questions about the balance between utility and appreciation, and between enjoyment and restraint. Wilderness is a nexus of competing and contested accounts of responsibility. In conversation with the work of Doug Peacock, Terry Tempest Williams, James Gustafson, and Martin Luther King Jr., Nathaniel Van Yperen offers an original argument for how wilderness can evoke a vision of a good life in which creaturely limits are accepted in gratitude, even in the face of ambiguity and mystery. Through the theme of gratitude, the book refocuses attention on the role of affection and testimony in ecological ethics and Christian ethics.
