

princess in korean language

princess in korean language is a fascinating subject that combines linguistics, culture, and history. Understanding how the term "princess" is expressed in Korean provides insights into Korean royalty, language structure, and cultural nuances. This article explores the Korean word for princess, its pronunciation, various contexts in which it is used, and related vocabulary. Additionally, the discussion will cover historical and modern implications of the term, as well as cultural significance in Korean media and society. Whether for language learners, cultural enthusiasts, or those interested in Korean history, this comprehensive guide will clarify the concept of "princess" in the Korean language. The following sections will delve into the definition, pronunciation, historical context, and cultural usage of the term.

- The Korean Word for Princess
- Pronunciation and Romanization
- Historical Context of Princesses in Korea
- Cultural Significance of Princess in Korean Media
- Related Vocabulary and Expressions

The Korean Word for Princess

The Korean word for princess is 공주, pronounced *gong-ju*. This term combines two Chinese characters (Hanja): 公 (gong), meaning "public" or "duke," and 主 (ju), meaning "lord" or "master." Together, they signify a noble female member of royalty, specifically a princess. The word 공주 has been used historically in Korea to refer to the daughters of kings or queens within the royal family.

Besides 공주, there are other words related to princesses, but 공주 remains the standard term in both historical and modern contexts. It is essential to understand this term when studying Korean language or culture, as it frequently appears in literature, history books, dramas, and everyday conversations when referring to princesses or princess-like figures.

Use in Formal and Informal Contexts

공주 is generally a formal term. In informal speech or affectionate contexts, people might use variations or nicknames derived from 공주 to refer to someone who behaves in a princess-like manner. For example, calling a girl "my little princess" could be translated as 나ui jageun gongju (나ui jageun gongju).

Pronunciation and Romanization

Understanding the correct pronunciation of **princess in korean language** is crucial for language

learners and enthusiasts. The word 공주 consists of two syllables: 공 (gong) and 주 (ju). Each syllable is pronounced clearly and distinctly.

The Romanization of 공주 follows the Revised Romanization of Korean system, resulting in "gongju." This standardized romanization helps non-Korean speakers pronounce the word as accurately as possible.

- **공 (gong):** Pronounced like "gong" in English, with a hard "g" sound and a short "o" vowel.
- **주 (ju):** Pronounced like the English word "joo," rhyming with "too."

Combining these, the pronunciation is "gong-joo," with equal emphasis on both syllables. Mastery of these sounds aids in proper communication and cultural appreciation.

Romanization Systems

While the Revised Romanization system is the most widely used, the older McCune-Reischauer system romanizes 공주 as "kongju." Awareness of both systems can be helpful when encountering different sources or historical texts.

Historical Context of Princesses in Korea

Princesses in Korean history held significant social and political roles. The term 공주 referred to the daughters of kings during various dynasties, most notably the Joseon Dynasty, which lasted from 1392 to 1897. Princesses were often involved in diplomatic marriages, cultural patronage, and occasionally political affairs.

The status and titles of princesses varied depending on the period and the king's decree. Some princesses were granted specific titles to reflect their rank or marriage alliances. The understanding of 공주 in historical texts often includes these nuances beyond the simple translation of "princess."

Roles and Responsibilities

Princesses traditionally served as important figures in maintaining alliances through marriage, fostering cultural development, and sometimes acting as patrons of art and literature. Their lives were often well-documented in royal chronicles, providing valuable information for historians and linguists studying Korean royalty and language.

Royal Titles Related to Princesses

- **공주 (Gongju)** - Princess, daughter of the king.
- **옹주 (Ongju)** - A lower-ranked princess, typically daughter of a concubine.
- **군주 (Gunju)** - Title sometimes used for princesses in specific contexts.

Cultural Significance of Princess in Korean Media

The concept of a princess, or 공주, is prevalent in Korean popular culture, including television dramas, movies, literature, and music. The archetype of the princess often embodies beauty, grace, and nobility, but modern interpretations can vary widely, including strong, independent female leads or fantasy characters.

Korean dramas (K-dramas) frequently feature princess characters or stories involving royal families, which helps disseminate the term 공주 internationally. This usage has contributed to a greater global awareness of the Korean word and its cultural implications.

Princess Archetypes in K-Dramas and Films

Princess characters in Korean media range from historical figures in period dramas to contemporary or fantasy heroines. These portrayals often reflect traditional values while also adapting to modern themes of empowerment and individuality.

Use in Everyday Language and Nicknames

In everyday Korean, 공주 can be used affectionately to describe a girl or woman perceived as elegant or pampered. For example, calling someone a "princess" might imply they are treated with special care or have a refined demeanor.

Related Vocabulary and Expressions

Understanding related terms enriches the comprehension of **princess in korean language** and its cultural context. Several words and expressions are associated with royalty, nobility, and feminine titles that complement the meaning of 공주.

Common Related Terms

- 왕자 (Wangja) - Prince, male counterpart to princess.
- 왕비 (Wangbi) - Queen, the king's wife.
- 황녀 (Hwangnyeo) - Imperial princess, used in the context of an emperor's daughter.
- 귀빈 (Gwibuin) - Noblewoman or lady of high social status.
- 왕족 (Wangjok) - Royal family or dynasty members.

Expressions Involving 공주

Several idiomatic expressions and phrases use 공주 to convey specific meanings or emotions. For example:

- 공주병 (*gongju-byeong*): Literally "princess syndrome," a colloquial term referring to someone who acts spoiled or entitled like a princess.
- 공주처럼 행동 (*gongju-cheoreom haengdonghada*): To behave like a princess, often implying elegance or sometimes pampered behavior.
- 우리 공주 (*uri gongju*): "Our princess," a term of endearment used by parents or loved ones.

Frequently Asked Questions

princess in korean language: Man'yōshū (Book 1) , 2017-07-10 Book one of the Man'yōshū ('Anthology of Myriad Leaves') continues Alexander Vovin's new English translation of this 20-volume work originally compiled between c.759 and 785 AD. It is the earliest Japanese poetic anthology in existence and thus the most important compendium of Japanese culture of the Asuka and Nara periods. Book one is the seventh volume of the Man'yōshū to be published to date (following books fifteen (2009), five (2011), fourteen (2012), twenty (2013), seventeen (2016) and eighteen (2016). Each volume of the Vovin translation contains the original text, kana transliteration, romanization, glossing and commentary.

princess in korean language: The World's Religions after September 11 Arvind Sharma, 2008-11-30 This set is an unprecedented examination of religion's influence on modern life, an honest assessment of how religion can either destroy us or preserve us, and a thorough exploration of what steps might be necessary for all religions to join together as a force for good. Convening on the fifth anniversary of the terrorist attack on the World Trade Center, the global congress The World's Religions after September 11 explored the negative and positive possibilities of the religious dimensions of life. The presentations from the congress have been pulled together in this set, which addresses religion's intersection with human rights, spirituality, science, healing, the media, international diplomacy, globalization, war and peace, and more. This comprehensive set includes contributions from such well-known scholars of religion as Arvind Sharma and a host of others from all the world's religious traditions. This set is an unprecedented examination of religion's influence on modern life, an honest assessment of how religion can either destroy us or preserve us, and a thorough exploration of what steps might be necessary for all religions to join together as a force for good. Because of the attack on the World Trade Center on September 11, 2001, the very concept of religion underwent a paradigm shift. Instead of standing for virtue and piety, peace and harmony, the word religion also came to be inextricably associated with evil, aggression, and terror. People around the world began to question whether the religious and secular dimensions of modern life can be reconciled, whether the different religions of the world can ever coexist in harmony. Indeed, the very future of religion itself has sometimes seemed to be uncertain, or at least suspect.

princess in korean language: Beautiful as the Rainbow Song Nai Rhee, 2013-09-13 Reared in a palace and educated at Gakushuin, the elite Peers School, Princess Masako was elegant, refined, and proper in all things royal and Japanese. She was also stunningly beautiful. It was therefore only natural that she was being groomed to be betrothed to a princeno less than Crown Prince Hirohito, the future Emperor of Japan. The rulers of the newly emerging Empire of the Sun, however, decided to offer the beautiful princess as a sacrifice on the altar of Japans imperialism. She, they conspired, must marry Yi Eun, the crown prince of Koreas Joseon Kingdom, whose national independence they were strangulating with their conquest ambition. As Korea was forced to become a part of Japan, so was Masako forced to become a part of Korea in order to symbolize the union of the two nations in mortal conflict. Like a fish in a net or a bird in a snare, Princess Masako turned and twisted to live, to be free, and to be happy. Painfully aware that events in her life were beyond her control, however, she decided to accept her destiny. Even so, the imposed destiny would not control her, for she decided to become a heroine, not a victim of her misfortunes, driven by her

passion for love, life, and happiness. Masakos story is about the human spirit empowering a victim of misfortunes and an unwanted destiny to become a hero, transforming adversity into patches of paradise as beautiful as the rainbow.

princess in korean language: Materials for the Study of the Ainu Language and Folklore
2 Werner Winter, 2018-02-19 Volume 3 is devoted exclusively to B. Piłsudski's Ainu-related materials, for their most part previously unpublished. In addition, it comprises Piłsudski's research reports on his expeditions, a superb collection of fifty prayers in Ainu as well as texts and melodies recovered from Piłsudski's famous wax-cylinder recordings of Ainu-folklore of 1902-1903. The bibliographies printed in volume 1 are extensively enhanced. Abundant illustrative material is included.

princess in korean language: Korea's Place in the Sun Bruce Cumings, 2013-05-06
Passionate, cantankerous, and fascinating. Rather like Korea itself.--Nicholas D. Kristof, New York Times Book Review Korea has endured a fractured, shattered twentieth century, and this updated edition brings Bruce Cumings's leading history of the modern era into the present. The small country, overshadowed in the imperial era, crammed against great powers during the Cold War, and divided and decimated by the Korean War, has recently seen the first real hints of reunification. But positive movements forward are tempered by frustrating steps backward. In the late 1990s South Korea survived its most severe economic crisis since the Korean War, forcing a successful restructuring of its political economy. Suffering through floods, droughts, and a famine that cost the lives of millions of people, North Korea has been labeled part of an axis of evil by the George W. Bush administration and has renewed its nuclear threats. On both sides Korea seems poised to continue its fractured existence on into the new century, with potential ramifications for the rest of the world.

princess in korean language: Kojiki , 2012-06-19 Written by imperial command in the eighth century, The Kojiki: Records of Ancient Matters is Japan's classic of classics, the oldest connected literary work and the fundamental scripture of Shinto. A more factual history called the Nihongi or Nihon Shoki (Chronicles of Japan) was completed in A.D. 720, but The Kojiki remains the better known, perhaps because of its special concern with the legends of the gods, with the divine descent of the imperial family, and with native Shinto. Both works have immense value as records of the development of Japan into a unified state with a well-defined character. Indeed, even the mythological aspects were accepted as fact throughout most of subsequent Japanese history—until the defeat and disillusionment of the nation in 1945. This classic text is a key to the historical roots of the Japanese people—their early life and the development of their character and institutions—as well as a lively mixture of legend and history, genealogy, and poetry. It stands as one of the greatest monuments of Japanese literature because it preserves more faithfully than any other book the mythology, manners, language and traditions of Japan. It provides, furthermore, a vivid account of a nation in the making. The work opens when chaos had begun to condense, but force and form were not yet manifest, and there was nought named, nought done & ellipsis; It recounts the mythological creation of Japan by the divine brother and sister Izanami and Izanagi; tales of the Sun Goddess and other deities; the divine origin of Jimmu the first emperor; and the histories of subsequent reigns. Epic material is complemented by a fresh bucolic vein expressed in songs and poetry. This famous translation by the British scholar Basil Hall Chamberlain is enhanced by notes on the text and an extensive introduction discussing early Japanese society, as well as The Kojiki and its background. Important for its wealth of information, The Kojiki is indispensable to anyone interested in things Japanese.

princess in korean language: Representations of Children and Success in Asia Shih-Wen Sue Chen, Sin Wen Lau, 2022-09-28 This edited volume explores how success is conceptualized and represented in texts for young people in Asia. The essays in this collection examine how success for children relates to education, family, gender, race, class, community, and the nation. It answers the following questions: How is success for children represented in literature, cinema, and popular media? In what ways are these images grounded in the historical, political, and cultural contexts in

which they are produced and consumed? How does childhood agency influence ideas about success in Asia? Highlighting the similarities and differences in how success is defined for children and young adults in Japan, South Korea, People's Republic of China, Singapore, Taiwan, Indonesia, Vietnam, and India, this volume argues that success is an important keyword in the literary and cultural study of childhood in Asia.

princess in korean language: *The Fall of Language in the Age of English* Minae Mizumura, 2015-01-06 Winner of the Kobayashi Hideo Award, *The Fall of Language in the Age of English* lays bare the struggle to retain the brilliance of one's own language in this period of English-language dominance. Born in Tokyo but raised and educated in the United States, Minae Mizumura acknowledges the value of a universal language in the pursuit of knowledge yet also embraces the different ways of understanding offered by multiple tongues. She warns against losing this precious diversity. Universal languages have always played a pivotal role in advancing human societies, Mizumura shows, but in the globalized world of the Internet, English is fast becoming the sole common language of humanity. The process is unstoppable, and striving for total language equality is delusional—and yet, particular kinds of knowledge can be gained only through writings in specific languages. Mizumura calls these writings texts and their ultimate form literature. Only through literature and, more fundamentally, through the diverse languages that give birth to a variety of literatures, can we nurture and enrich humanity. Incorporating her own experiences as a writer and a lover of language and embedding a parallel history of Japanese, Mizumura offers an intimate look at the phenomena of individual and national expression.

princess in korean language: Româna, Queen of Hu(O)Man Languages Gheorghe Ghe. Borcan, 2022-10-01 We are still swallowing falsehoods related to the history of the nation and the Romanian language it is the most developed among the languages of all the peoples of the world. She is the treasure most precious of the nation and was preserved with the sacrifice of tens of millions of ancestors who lost almost the entire Kingdom of OM and Burebista but not the language! This book is dedicated to the Romanian Language, the Queen of Human Languages and the first Writing in the world. The first alphabet based on this system resulted to which dozens of so-called Romanic but also Slavic peoples created their alphabets Catholic area! The truth about the Romanian nation, the language and the millennial rights of which it was deprived and is still deprived it can no longer be hidden!

princess in korean language: A catalogue of dictionaries and grammars of the principal languages and dialects of the world, for sale by Trüner & co. [With] Trübner's oriental & linguistic publications, a catalogue Trübner and co, 1882

princess in korean language: Handbook of Chinese Language Learning and Technology Shou-Hsin Teng, Li-Ping Chang, Te-Hsin Liu, 2025-02-25 This handbook explores quantitative linguistics, pedagogy, and Mandarin language acquisition in an integrated fashion and helps readers grasp how insights from quantitative linguistics can shed light on Mandarin language acquisition. It focuses on issues related to language processing, learning, and teaching and how these aspects are affected or enhanced by corpus-based and computational linguistics. By following a data-driven approach, the handbook demonstrates how theoretical problems in the acquisition of Chinese can be resolved with empirical evidence. The book serves as an essential resource for students and researchers wishing to explore the fascinating field of Chinese language processing and acquisition.

princess in korean language: East Asian Transwar Popular Culture Pei-yin Lin, Su Yun Kim, 2019-02-19 This collection examines literature and film studies from the late colonial and early postcolonial periods in Taiwan and Korea, and highlights the similarities and differences of Taiwanese and Korean popular culture by focusing on the representation of gender, genre, state regulation, and spectatorship. Calling for the “de-colonializing” and “de-Cold Warring” of the two ex-colonies and anticommunist allies, the book places Taiwan and Korea side by side in a “trans-war” frame. Considering Taiwan-Korea relations along a new trans-war axis, the book focuses on the continuities between the late colonial period's Asia-Pacific War and the consequent Korean War and the ongoing conflict between the two sides of the Taiwan Strait, facilitated by Cold War power

struggles. The collection also invites a meaningful transcolonial reconsideration of East Asian cultural and literary flows, beyond the conventional colonizer/colonized dichotomy and ideological antagonism.

princess in korean language: The Invitation-Only Zone Robert S. Boynton, 2025-09-23 A bizarre, little-known tale about the most secretive culture on earth For decades, North Korea denied any part in the disappearance of dozens of Japanese citizens from Japan's coastal towns and cities in the late 1970s. But in 2002, with his country on the brink of collapse, Kim Jong-il admitted to the kidnapping of thirteen people and returned five of them in hopes of receiving Japanese aid. As part of a global espionage project, the regime had attempted to reeducate these abductees and make them spy on its behalf. When the scheme faltered, the captives were forced to teach Japanese to North Korean spies and make lives for themselves, marrying, having children, and posing as North Korean civilians in guarded communities known as Invitation-Only Zones—the fiction being that they were exclusive enclaves, not prisons. From the moment Robert S. Boynton saw a photograph of these men and women, he became obsessed with their story. Torn from their homes as young adults, living for a quarter century in a strange and hostile country, they were returned with little more than an apology from the secretive regime. In *The Invitation-Only Zone*, Boynton untangles the bizarre logic behind the abductions. Drawing on extensive interviews with the abductees, Boynton reconstructs the story of their lives inside North Korea and ponders the existential toll the episode has had on them, and on Japan itself. He speaks with nationalists, spies, defectors, diplomats, abductees, and even crab fishermen, exploring the cultural and racial tensions between Korea and Japan that have festered for more than a century. A deeply reported, thoroughly researched book, *The Invitation-Only Zone* is a riveting story of East Asian politics and of the tragic human consequences of North Korea's zealous attempt to remain relevant in the modern world.

princess in korean language: The SAGE Deaf Studies Encyclopedia Genie Gertz, Patrick Boudreault, 2016-01-05 The time has come for a new in-depth encyclopedic collection of articles defining the current state of Deaf Studies at an international level and using the critical and intersectional lens encompassing the field. The emergence of Deaf Studies programs at colleges and universities and the broadened knowledge of social sciences (including but not limited to Deaf History, Deaf Culture, Signed Languages, Deaf Bilingual Education, Deaf Art, and more) have served to expand the activities of research, teaching, analysis, and curriculum development. The field has experienced a major shift due to increasing awareness of Deaf Studies research since the mid-1960s. The field has been further influenced by the Deaf community's movement, resistance, activism and politics worldwide, as well as the impact of technological advances, such as in communications, with cell phones, computers, and other devices. A major goal of this new encyclopedia is to shift focus away from the "Medical/Pathological Model" that would view Deaf individuals as needing to be "fixed" in order to correct hearing and speaking deficiencies for the sole purpose of assimilating into mainstream society. By contrast, *The Deaf Studies Encyclopedia* seeks to carve out a new and critical perspective on Deaf Studies with the focus that the Deaf are not a people with a disability to be treated and "cured" medically, but rather, are members of a distinct cultural group with a distinct and vibrant community and way of being.

princess in korean language: International Law and Security in Indo-Pacific Joanna Siekiera, 2025-08-01 This book uses an interdisciplinary approach to discuss international law and conflict in the Indo-Pacific region, covering topics such as maritime security, climate change and international relations. Detailing how international relations and particular state interests govern regional and global partnerships, the book provides suggestions for the future of the Indo-Pacific region. Exploring how conflict within the region has international repercussions, topics covered include the role of South-East Asian countries, and the role of statehood of small islands in Oceania. Detailing harmonization of laws and policies in the context of international security and maritime law, the book focuses on the impact of climate change and other topical issues such as cyber security and the protection of cultural identity. The book will be of interest to researchers in the field of international law, law of the sea, international relations and security.

princess in korean language: The History of Korea Djun Kil Kim, 2014-05-30 This revised edition examines North and South Korea's political, socio-economic, and cultural history from the Neolithic period to the early 21st century, including issues of recent political unrest and preparations for the 2018 Winter Olympics. Korea continues to be featured in the news, especially after the succession of Kim Jong-un as leader of North Korea and his threats of nuclear attack. Yet the reported instability of the North is contrasted by the rapid modernization revolution of the South. Author Djun Kil Kim analyzes how tragic experiences in the regions' collective history—particularly Japanese colonial rule and the division of the country—have contributed to the dichotomous state of affairs in the Koreas. This comprehensive overview traces the development of two contradistinctive nations—North and South Korea—with communism in the north and democracy and industrialization in the south transforming the geopolitical and geo-economic condition of each area. Author Kim explores specific doctrines that revolutionized Korea: Buddhism and Neo-Confucianism in the mid-7th and the late 14th centuries; and communism and American functionalism in the 20th century. The second edition includes an updated timeline, new biographical sketches of notable people, and an additional chapter covering the events of 2004 through the present day.

princess in korean language: The Politics of English Lionel Wee, Robbie B.H. Goh, Lisa Lim, 2013-03-28 This volume brings together contributions that explore the increasingly important roles that English plays in Asia, including its contribution to economic growth, national imaginaries and creative writing. These are issues that are political in a broad sense, but the diversity of Asian contexts also means that the social, political and cultural ramifications of the spread of English into Asia will have to be understood in relation to the challenges facing specific societies. The chapters in the book collectively illustrate this diversity by focusing on countries from South Asia, Southeast Asia and the Asia Pacific. Each country has two contributions devoted to it: one paper provides an overview of the country's language policy and its positioning of English, and another provides a critical discussion of creative expressions involving the use of English. Taken together, the papers in the volume detail the most recent developments concerning the politics of English in Asia.

princess in korean language: A Divinely Way to Philosophy, Vol. 2 Timo Schmitz, 2022-12-21 This book contains selected articles in English language by Timo Schmitz, which were reviewed and (if necessary) updated for this edition. They include mainly political and philosophical topics, but also display his seek for God and understanding the Creation. In the second volume, he presents his insights on Judaism and indigenous religions. Besides his series *The Key to the Gate of Religion*, the articles included in this selection are among others: *Rights and duties as basis for laws - Forgiving as man's strength* (2019), *The interaction of Judaism and Buddhism into Judeo-Buddhism* (2019), *Understanding the Jewish Revolution of the 18th century - the Rise of Chassidism* (2019), *A dream reality or a real dream?* (2020), *A dialogue about true friendship* (2020), *The aim for reaching the paradise - a tricky quest* (2020), *The establishment of the Jewish denominations in the dawn of the Neuzeit* (2020) and *Good and bad reshaped: A harmonious society as balance between collective requirements and individuality* (2021).

princess in korean language: *North Korea in the 21st Century* J.E. Hoare, Susan Pares, 2021-11-15 North Korea is not easily accessible, but boasts some of the most beautiful scenery in the Korean Peninsula, and arguably in East Asia. Travel to and in the Democratic People's Republic of Korea is tightly controlled, while political, economic, social and cultural life is played out in terms of a not readily understood philosophy, known as *juche*. The country maintains a watchful and often defiant relationship with the rest of the world and insists on following its own standards and norms at all times. Nonetheless, North Korea is slowly adjusting to the great changes that have taken place since the collapse of the Soviet Union. One important expression of this softening of attitudes is its willingness to allow a greater number of foreigners to enter and live in the country. In the belief that it is better to try to understand than to routinely condemn, the authors have attempted to interpret what they observed around them during their almost two-year stay in the DPRK setting up the first British Embassy in Pyongyang (the story of which is to be found in Part III of this book). The

country's reputation as a difficult partner in world affairs could not be ignored, but for them that was never the whole story. Here was a society operating certainly along very different lines, but which in its essentials was recognizably Korean. The contents cover North Korean politics, the economy, the role of history, society, cultural values, and visiting and living in the DPRK
