sweet auburn bread company history: The President's Kitchen Cabinet Adrian Miller, 2017-02-09 An NAACP Image Award Finalist for Outstanding Literary Work—Non Fiction James Beard award-winning author Adrian Miller vividly tells the stories of the African Americans who worked in the presidential food service as chefs, personal cooks, butlers, stewards, and servers for every First Family since George and Martha Washington. Miller brings together the names and words of more than 150 black men and women who played remarkable roles in unforgettable events in the nation's history. Daisy McAfee Bonner, for example, FDR's cook at his Warm Springs retreat, described the president's final day on earth in 1945, when he was struck down just as his lunchtime cheese soufflé emerged from the oven. Sorrowfully, but with a cook's pride, she recalled, "He never ate that soufflé, but it never fell until the minute he died." A treasury of information about cooking techniques and equipment, the book includes twenty recipes for which black chefs were celebrated. From Samuel Fraunces's "onions done in the Brazilian way" for George Washington to Zephyr Wright's popovers, beloved by LBJ's family, Miller highlights African Americans' contributions to our shared American foodways. Surveying the labor of enslaved people during the antebellum period and the gradual opening of employment after Emancipation, Miller highlights how food-related work slowly became professionalized and the important part African Americans played in that process. His chronicle of the daily table in the White House proclaims a fascinating new American story.

sweet auburn bread company history: Civil Sights Gene Kansas, 2025-02-01 Once the wealthiest Black neighborhood in the world, the Sweet Auburn Historic District in Atlanta, Georgia, now occupies a distinct place, both historically and geographically. It is at once the globally significant birthplace of the civil rights movement; and it also lays in the wake of social, commercial, and urban challenges that have left some of its most important spaces and places in a state of peril—and even in danger of demolition—as Atlanta grows in, around, and over it. Now, for the first time, author, preservationist, and cultural developer Gene Kansas shines a spotlight on the district in *Civil Sight*s. An illustrated and historic guidebook designed to educate visitors and inspire action, *Civil Sight*s not only describes and depicts historically significant Sweet Auburn buildings and streets; it also tells the stories of people and places, then and now, that came together to move mountains before, during, and after the civil rights movement. These are the streets and buildings in which Dr. Martin Luther King Jr., Congressman John Lewis, Roslyn Pope, Alonzo Herndon, Ella Baker, John Wesley Dobbs, and countless others laid the groundwork for a social movement of equality that would sweep the country, change laws, and positively affect lives around the world. With accounts of such places as the first integrated fire station and the Butler Street YMCA that served as Atlanta's "Black City Hall," and of the churches, restaurants, and entertainment halls that have dotted the neighborhood, Kansas unspools a riveting history that also aims to illuminate a path to preservation. Most importantly, *Civil Sight*s poses questions of historical accountability to us all: How are we educating, advocating, and investing in the causes that Sweet Auburn represents? This volume includes illustrations from Atlanta architect Clay Kinningham, a foreword from New York Times best-selling author and journalist Gary M. Pomerantz, and an afterword from former dean of Georgia Tech's Ivan Allen College of Liberal Arts Jacqueline Jones Royster.

sweet auburn bread company history: Soul Food Adrian Miller, 2013-08-15 2014 James Beard Foundation Book Award, Reference and Scholarship Honor Book for Nonfiction, Black Caucus of the American Library Association In this insightful and eclectic history, Adrian Miller delves into the influences, ingredients, and innovations that make up the soul food tradition. Focusing each chapter on the culinary and social history of one dish--such as fried chicken, chitlins, yams, greens, and red drinks--Miller uncovers how it got on the soul food plate and what it means for African American culture and identity. Miller argues that the story is more complex and surprising than commonly thought. Four centuries in the making, and fusing European, Native American, and West African cuisines, soul food--in all its fried, pork-infused, and sugary glory--is but one aspect of African American culinary heritage. Miller discusses how soul food has become incorporated into American culture and explores its connections to identity politics, bad health raps, and healthier alternatives. This refreshing look at one of America's most celebrated, mythologized, and maligned cuisines is enriched by spirited sidebars, photographs, and twenty-two recipes.
