teacher breast cancer shirts: *I'd Like to Apologize to Every Teacher I Ever Had* Tony Danza, 2013-09-03 *I'd Like to Apologize to Every Teacher I Ever Had* is television, screen and stage star Tony Danza's absorbing account of a year spent teaching tenth-grade English at Northeast High -- Philadelphia's largest high school with 3600 students. Entering Northeast's crowded halls in September of 2009, Tony found his way to a classroom filled with twenty-six students who were determined not to cut him any slack. They cared nothing about "Mr. Danza's" showbiz credentials, and they immediately put him on the hot seat. Featuring indelible portraits of students and teachers alike, *I'd Like to Apologize to Every Teacher I Ever Had* reveals just how hard it is to keep today's technologically savvy -- and often alienated -- students engaged, how impressively committed most teachers are, and the outsized role counseling plays in a teacher's day, given the psychological burdens many students carry. The book also makes vivid how a modern high school works, showing Tony in a myriad of roles -- from lecturing on *To Kill a Mockingbird* to "coaching" the football team to organizing a talent show to leading far-flung field trips to hosting teacher gripe sessions. A surprisingly poignant account, *I'd Like to Apologize to Every Teacher I Ever Had* is sometimes laugh-out-loud funny but is mostly filled with hard-won wisdom and feel-good tears.

This thoroughly revised edition features: An entirely new chapter focusing on issues surrounding technology, specifically bullying, harassment, and sexting 13 new legal cases to reflect recent developments in school law, including issues of free speech, teacher accountability, and school policies A continued focus on preparing leaders to meet the Interstate School Leaders Licensure Consortium (ISLLC) ethics standard

teacher breast cancer shirts: What Remains: Breast Cancer, Mastectomy and Getting on with Life Beth R. Minear, 2015-06-20 During the Derecho weather event of June 2012, I was blind-sided with the diagnosis of breast cancer. I had faithfully gotten mammograms every year and had no family history on either side, so the shock of the diagnosis shook my equilibrium. As an attorney by profession and Type-A from birth, controlling what little I could control and at least managing what I couldn't control got me through. I am also the mother of a child with special needs. My son has Aspergers and, although brilliant, will always need me to help him navigate the neuro-typical world. I must outlive him. My choices reflect that acute realization. Although only diagnosed in the right breast, and with options other than mastectomy for that one, I elected for a double-mastectomy. When my hair started falling out from chemotherapy, I went to the salon and had it all shaved off. When I found out that my cancer was estrogen-fed, I had an elective oophorectomy. Removing my ovaries both helps prevent recurrence and ensures that I won't get ovarian cancer. What remains after a life-changing diagnosis and the grueling path to Survival is a new normal that can be both heart-breaking on a daily basis and sweeter than the life you had before. The book is my unvarnished truth of the ugly and the blessings of receiving such a diagnosis - often indelicate in detail and irreverently funny. Through this experience, I learned that you can actually feel prayer. It's the most profound feeling I have ever experienced. Not miring the readers in gloom and doom, *What Remains* is intended to give hope, peace and courage to everyone, regardless of circumstances. The famous quote from Confucius rings true . . . We have two lives, and the second begins when we realize we only have one. I'm living my second life and finding joy and laughter in the most generic experiences. Even almost three years later, I wake up every morning with breast cancer as my first thought. I give thanks to God for each day that no one is promised . . . then get up and get on with my life.

teacher breast cancer shirts: Our Small Town World Sandra McBride, 2017-10-25 “Our Small Town World” is a collection of forty-four feature stories I have written for my hometown weekly newspaper, *The Express*, over the past eleven years. When I began this venture, my goal was to bring to light the history, heritage and heart of these small communities that to me are the personification and the essence of this great country we live in. And America is a great country

because of the hard-working and unassuming people who are the rocks upon which it was built. Too often, the good things that go on in the small towns that are off the radar go unnoticed and unheralded. But we are America. We in the small town world are the doers, the helpers, the protectors, the caregivers, the keepers of the flame. I may live in a small town world, but in eleven years I have had little trouble finding stories worth writing or neighbors worth writing about. It has been my privilege and my honor to be able to record just a few of the many great happenings and the many great people that define our own small town world.
