teacher student lesbian seduction: *Sexing the Teacher* Sheila Cavanagh, 2007-05-10 *Sexing the Teacher* is a provocative study of public and professional responses to female teacher sex scandals in Canada, the United States and Britain. Sheila Cavanagh examines the moral and professional panic over sexual transgressions in the educational milieu by analyzing several sensationalized legal cases, including Mary Kay Letourneau, Amy Gehring, and Heather Ingram. Deploying queer theory, psychoanalysis, postcolonial theory, and feminist film theory, Cavanagh analyses deep-seated anxieties about white female teacher sexualities and offers a critique of the damage that gets done in the name of child protectionism. Arguing that foundational assumptions about race, gender, class, sexuality, and family are all central to the panic, Cavanagh questions the conventional wisdom and politics governing our conceptualization of sex scandals in education. She also demonstrates that public upset over female teacher sexual transgressions, ostensibly about child welfare, is also about the regulation of gender, heteronormative, and white reproductive futures: a hidden curriculum in Western educational systems. Timely, original, and controversial, *Sexing the Teacher* will appeal to scholars and students in education, sociology, gender, sexuality, and cultural studies, as well as to general readers interested in the sensationalism over school sex scandals that has dominated recent headlines.

teacher student lesbian seduction: *Virginia Woolf* Eileen Barrett, Patricia Cramer, 1997-07 The last two decades have seen a resurgence of critical and popular attention to Virginia Woolf's life and work. Such traditional institutions as The New York Review of Books now pair her with William Shakespeare in promotional advertisements; her face is used to sell everything from Barnes & Noble books to Bass Ale. *Virginia Woolf: Lesbian Readings* represents the first book devoted to Woolf's lesbianism. Divided into two sections, *Lesbian Intersections* and *Lesbian Readings of Woolf's Novels*, these essays focus on how Woolf's private and public experience and knowledge of same-sex love influences her shorter fiction and novels. *Lesbian Intersections* includes personal narratives that

trace the experience of reading Woolf through the 60s, 70s, 80s, and 90s. *Lesbian Readings of Woolf's Novels* provides lesbian interpretations of the individual novels, including *Orlando*, *The Waves*, and *The Years*. Breaking new ground in our understanding of the role Woolf's love for women plays in her major writing, these essays shift the emphasis of lesbian interpretations from Woolf's life to her work.

teacher student lesbian seduction: *Retroactivism in the Lesbian Archives* Jean Bessette, 2018 Winner, 2018 Winifred Bryan Horner Outstanding Book Award Grassroots historiography has been essential in shaping American sexual identities in the twentieth century. *Retroactivism in the Lesbian Archives* examines how lesbian collectives have employed "retroactivist" rhetorics to propel

change in present identification and politics. By appropriating and composing versions of the past, these collectives question, challenge, deconstruct, and reinvent historical discourse itself to negotiate and contest lesbian identity. Bessette considers a diverse array of primary sources, including grassroots newsletters, place-based archives, experimental documentary films, and digital video collections, to investigate how retroactivists have revised and replaced dominant accounts of lesbian deviance. Her analysis reveals inventive rhetorical strategies leveraged by these rhetors to belie the alienating, dispersing effects of discourses that painted women with same-sex desire as diseased and criminal. Focusing on the Daughters of Bilitis, the Lesbian Herstory Archives, and the June L. Mazer Archives, and on historiographic filmmakers such as Barbara Hammer and Cheryl Dunye, Bessette argues that these retroactivists composed versions of a queer past that challenged then-present oppressions, joined together provisional communities, and disrupted static definitions and associations of lesbian identity. Retroactivism in the Lesbian Archives issues a challenge to feminist and queer scholars to acknowledge how historiographic rhetoric functions in defining and contesting identities and the historical forces that shape them.

teacher student lesbian seduction: Life With Beat Sim Elgin, 2023-06-28 “Okay, Herb, bring in your intro, ready on the horns. One, two... One, two!” Beatense sang the piece a few times, but her voice sounded too cynically jaded to succumb to a desolate heart. She then sang Papa Say Do No Do six times. “Ah, yes-yes, marvelous. But we need a more peppy tone, Miss Colwell.” “Well, this is the way I sing. Don’t you have any morbid songs I can do?” “Benton, give her Hey, Don’t Wake Me Up! Herb? From the top.” Beatense began to worry about the sun out there. This was ridiculous. Why all this horsing around? She hated how people could be so content to be pale. Under mounting high stress, she sang Hey, Don’t sounding like she didn’t care either way. Her weary sad voice put a new twist into this lighthearted tune, giving it a cheap slum hotel and broken hopes pathos that was haunting. Maverick was booked for any possible recordings, but this was a take. She signed the papers and left at noon with a surprising \$20,000. First the bank, then a far too delayed hot bake.

teacher student lesbian seduction: Sex and Reason Richard A. Posner, 2009-07-01 Sexual drives are rooted in biology, but we don’t act on them blindly. Indeed, as the eminently readable judge and legal scholar Richard Posner shows, we make quite rational choices about sex, based on the costs and benefits perceived. Drawing on the fields of biology, law, history, religion, and economics, this sweeping study examines societies from ancient Greece to today’s Sweden and issues from masturbation, incest taboos, date rape, and gay marriage to Baby M. The first comprehensive approach to sexuality and its social controls, Posner’s rational choice theory surprises, explains, predicts, and totally absorbs.

teacher student lesbian seduction: Queer Transitions in Contemporary Spanish Culture Gema Pérez-Sánchez, 2012-02-01 Gema Pérez-Sánchez argues that the process of political and cultural transition from dictatorship to democracy in Spain can be read allegorically as a shift from a dictatorship that followed a self-loathing homosexual model to a democracy that identified as a pluralized queer body. Focusing on the urban cultural phenomenon of la movida, she offers a sustained analysis of high queer culture, as represented by novels, along with an examination of low queer culture, as represented by comic books and films. Pérez-Sánchez shows that urban queer culture played a defining role in the cultural and political processes that helped to move Spain from a premodern, fascist military dictatorship to a late-capitalist, parliamentary democracy. The book highlights the contributions of women writers Ana María Moix and Cristina Peri Rossi, as well as comic book artists Ana Juan, Victoria Martos, Ana Miralles, and Asun Balzola. Its attention to women's cultural production functions as a counterpoint to its analysis of the works of such male writers as Juan Goytisolo and Eduardo Mendicutti, comic book artists Nazario, Rubén, and Luis Pérez Ortiz, and filmmaker Pedro Almodóvar.

teacher student lesbian seduction: Out Spoken Jean Roberta Hillabold, Wes D. Pearce, 2013 How is identity formed? If you were born in Canada, that makes you Canadian; if you were raised Jewish, that makes you a Jew, right? But what about a teenage boy from small town Saskatchewan who has a secret crush on the guy who sits next to him in homeroom? What does that make him?

And how would his identity change if he grew up to become an out-of-the-closet gay man? In *Out Spoken: Perspectives on Queer Identities* questions like these are addressed by an eclectic range of authors in disciplines that range from sociology and education to cultural studies and literature--as well as playwrights, artists and writers--to reveal the fluid and sometimes confounding nature of identity when sexuality is part of the mix.

teacher student lesbian seduction: *Tortilleras* Lourdes Torres, Inmaculada Pertusa, 2003-02-21 The first anthology to focus exclusively on queer readings of Spanish, Latin American, and US Latina lesbian literature and culture, *Tortilleras* interrogates issues of gender, national identity, race, ethnicity, and class to show the impossibility of projecting a singular Hispanic or Latina Lesbian. Examining carefully the works of a range of lesbian writers and performance artists, including Carmelita Tropicana and Christina Peri Rossi, among others, the contributors create a picture of the complicated and multi-textured contributions of Latina and Hispanic lesbians to literature and culture. More than simply describing this sphere of creativity, the contributors also recover from history the long, veiled existence of this world, exposing its roots, its impact on lesbian culture, and, making the power of lesbian performance and literature visible.

'Two complete works in one' provides a survey of the larger institutional context and alternative perspectives on current debates in higher education, as well as a comprehensive and practical guide to teaching. teacher student lesbian seduction: *The Doctor and Mrs. A.* Sarah Pinto, 2019-11-05 Just before India's independence, a young Punjabi woman, ill at ease in her marriage and eager for personal and national freedom, sat down with psychiatrist Dev Satya Nand for an experiment in his new method of dream analysis. The published analysis documents a surge of emotion and reflections on sexuality, gender, marriage, ambition, trauma, and art. "Mrs. A." (as she is known) turned to female figures from Hindu myth to reimagine her social world and its ethical arrangements, envisioning a future beyond marriage, colonial rule, and gendered constraints. This book explores the conversation between Mrs. A. and Satya Nand, its window onto gender and sexuality in late colonial Indian society, and the ways Mrs. A. put ethics in motion, creating alternatives to ideals of belonging, recognition, and consciousness. It finds in Mrs. A.'s musings repertoires for the creative transformation of ideals and explores the possibilities of thinking with a dynamic concept of counter-ethics. An unconventional history of gender and sexuality in late colonialism, this book reminds us that the west did not invent feminism, that psychiatry's history of innovation and creativity is global, and that ethical thinking does not need to center on western myths or paradigms.

teacher student lesbian seduction: *Mary McCarthy: Novels & Stories 1942-1963 (LOA #290)* Mary McCarthy, 2017-03-21 This first volume of the definitive edition of her fiction includes four novels and eight classic stories by the witty and provocative writer who defined a generation. In 1942, Mary McCarthy provoked a scandal with her electrifying debut novel, *The Company She Keeps*, announcing the arrival of a major new voice in American literature. A candid, thinly-veiled portrait of the late-1930s New York intellectual scene, its penetrating gaze and creative fusion of life and literature—"mutual plagiarism," she called it—became the hallmark of McCarthy's fiction, which the Library of America now presents in full for the first time in deluxe collector's edition. *The Oasis* (1949), a wicked satire about a failed utopian community, and *The Groves of Academe* (1952), a pioneering campus novel depicting the insular and often absurd world of academia, burnished her reputation as an acerbic truth-teller, but it was with *A Charmed Life* (1955), a searing story of small-town infidelity, that McCarthy fully embraced the frank and avant-garde treatment of gender

and sexuality that would inspire generations of readers and writers. Also included are all eight of McCarthy's short stories, four from her collection *Cast a Cold Eye* (1950), and four collected here for the first time. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing, and keeping permanently in print, America's best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.

teacher student lesbian seduction: *A Critical History of German Film* Stephen Brockmann, 2010 A history of German film dealing with individual films as works of art has long been needed. Existing histories tend to treat cinema as an economic rather than an aesthetic phenomenon; earlier surveys that do engage with individual films do not include films of recent decades. This book treats representative films from the beginnings of German film to the present. Providing historical context through an introduction and interchapters preceding the treatments of each era's films, the volume is suitable for semester- or year-long survey courses and for anyone with an interest in German cinema. The films: *The Student of Prague* - *The Cabinet of Dr. Caligari* - *The Last Laugh* - *Metropolis* - *The Blue Angel* - *M* - *Triumph of the Will* - *The Great Love* - *The Murderers Are among Us* - *Sun Seekers* - *Trace of Stones* - *The Legend of Paul and Paula* - *Solo Sunny* - *The Bridge* - *Young Tressless* - *Aguirre, The Wrath of God* - *Germany in Autumn* - *The Marriage of Maria Braun* - *The Tin Drum* - *Marianne and Juliane* - *Wings of Desire* - *Maybe, Maybe Not* - *Rossini* - *Run Lola Run* - *Good Bye Lenin* - *Head On* - *The Lives of Others* Stephen Brockmann is Professor of German at Carnegie Mellon University and past President of the German Studies Association.

A unique and thorough description of the identities, situations, and relationships of homosexual teens in many societies, *Gay and Lesbian Youth* will help social scientists, health care professionals, counselors, gay teenagers, and their parents to better understand the similarities of the problems facing these youth, while recognizing the minor differences in their social and personal situations. teacher student lesbian seduction: *Handbook of Research on Educational Leadership for Equity and Diversity* Linda C. Tillman, James Joseph Scheurich, 2013-08-21 The rapid growth of diversity within U.S. schooling and the heightened attention to the lack of equity in student achievement, school completion, and postsecondary attendance has made equity and diversity two of the principle issues in education, educational leadership, and educational leadership research. The *Handbook of Research on Educational Leadership for Equity and Diversity* is the first research-based handbook that comprehensively addresses the broad diversity in U.S. schools by race, ethnicity, culture, language, gender, disability, sexual identity, and class. The Handbook both highly values the critically important strengths and assets that diversity brings to the United States and its schools, yet at the same time candidly critiques the destructive deficit thinking, biases, and prejudices that

undermine school success for many groups of students. Well-known chapter authors explore diversity and related inequities in schools and the achievement problems these issues present to school leaders. Each chapter reviews theoretical and empirical evidence of these inequities and provides research-based recommendations for practice and for future research. Celebrating the broad diversity in U.S. schools, the Handbook of Research on Educational Leadership for Equity and Diversity critiques the inequities connected to that diversity, and provides evidence-based practices to promote student success for all children.
