

teacher student affair film

teacher student affair film is a controversial and thought-provoking genre that explores the complex dynamics between educators and their pupils. These films often delve into themes of power imbalance, ethical boundaries, and emotional consequences, making them a compelling yet sensitive subject in cinematic storytelling. The portrayal of teacher-student relationships in movies varies widely, ranging from dramatic and tragic narratives to psychological thrillers and romantic dramas. This article provides a comprehensive overview of the teacher student affair film genre, analyzing its thematic elements, notable examples, societal impact, and critical reception. Furthermore, it examines the narrative techniques used to depict such relationships and discusses the ethical considerations filmmakers face when tackling this delicate topic. The following sections will guide readers through a detailed exploration of this unique film category, highlighting its significance in both popular culture and academic discourse.

- Understanding the Genre of Teacher Student Affair Films
- Common Themes and Narrative Elements
- Notable Teacher Student Affair Films in Cinema
- Societal Impact and Ethical Considerations
- Critical Reception and Audience Perspectives

Understanding the Genre of Teacher Student Affair Films

The teacher student affair film genre centers on the depiction of romantic or sexual relationships between educators and their students. These films explore the blurred lines between professional boundaries and personal emotions, often highlighting the inherent power imbalance that exists in such relationships. This genre is not confined to a single style or tone; it spans across various categories including drama, romance, thriller, and even coming-of-age stories. The portrayal in these films can be sympathetic, critical, or neutral, depending on the filmmaker's intent and cultural context. Understanding the genre requires recognizing its narrative complexity and the social taboos it addresses.

Historical Context and Evolution

Teacher student affair films have evolved significantly over the decades. Earlier portrayals often sensationalized the relationships, focusing on scandal and moral outrage. However, contemporary films tend to offer more nuanced perspectives that explore the psychological motivations and emotional struggles of the characters involved. This evolution reflects broader societal changes in attitudes toward authority, consent, and gender dynamics.

The shifting portrayal also corresponds with increased awareness about abuse of power and the importance of ethical conduct within educational environments.

Characteristics of the Genre

Key characteristics of teacher student affair films include:

- Exploration of power imbalance between teacher and student
- Focus on emotional and psychological complexity
- Use of tension and conflict arising from forbidden relationships
- Ethical dilemmas and societal judgment
- Character arcs involving growth, downfall, or redemption

Common Themes and Narrative Elements

Teacher student affair films often revolve around several recurring themes that drive the narrative forward. These themes serve to highlight the emotional intensity and moral quandaries associated with such relationships.

Power Dynamics and Consent

The issue of power imbalance is central to the genre. Teachers hold authority and influence over students, which complicates the notion of genuine consent. Films in this category frequently examine how this imbalance affects the characters' decisions and the consequences of crossing ethical boundaries. The tension between authority and vulnerability creates a fertile ground for dramatic storytelling.

Forbidden Love and Social Stigma

Many teacher student affair films frame the relationship as forbidden love. The societal stigma attached to such affairs often leads to secrecy, shame, and conflict. These narratives explore how external pressures impact the relationship and the individuals involved, often culminating in dramatic or tragic outcomes.

Psychological and Emotional Impact

Characters in these films frequently face intense emotional turmoil. Themes

of obsession, manipulation, guilt, and heartbreak are common. The films probe into the psychological consequences for both teachers and students, illustrating the complex human emotions involved in such taboo relationships.

Legal and Ethical Issues

Legal ramifications and ethical questions are frequently addressed. These films often depict the consequences of teacher student affairs, including legal prosecution, career destruction, and social ostracism. They serve as cautionary tales about the responsibilities educators carry and the importance of maintaining professional boundaries.

Notable Teacher Student Affair Films in Cinema

Several films have gained attention and critical acclaim for their portrayal of teacher student affairs. These movies offer insight into the diversity of approaches within the genre.

Examples of Influential Films

- **Notes on a Scandal** (2006) - A psychological drama exploring the complexities of a teacher's illicit relationship with a student and the ensuing betrayal.
- **Lolita** (1962 & 1997) - Adaptations of Vladimir Nabokov's controversial novel depicting a professor's obsession with a young girl.
- **The Reader** (2008) - A film about a post-WWII affair between a student and an older woman who is also a former teacher.
- **Chéri** (2009) - Focuses on a relationship between an older woman and a younger man, touching on themes of forbidden romance.
- **Elegy** (2008) - Examines the complicated relationship between a professor and a student, emphasizing emotional and moral conflicts.

Cultural Variations

The depiction of teacher student affairs varies across cultures and film industries. For example, some Asian films portray these relationships with a focus on societal pressure and family honor, while Western films might emphasize individual freedom and legal consequences. These cultural differences influence narrative style, character development, and thematic emphasis.

Societal Impact and Ethical Considerations

Teacher student affair films do more than entertain; they provoke discussion on important social and ethical issues. These films can influence public perception and raise awareness about the implications of such relationships.

Influence on Public Discourse

By bringing taboo subjects into mainstream media, these films encourage conversations about consent, abuse of power, and the responsibilities of educators. They can challenge stereotypes and promote empathy, but also risk glamorizing or trivializing serious issues if not handled responsibly.

Ethical Challenges in Filmmaking

Filmmakers face significant ethical responsibilities when portraying teacher student affairs. Sensitivity to the potential for misinterpretation and the risk of normalizing inappropriate behavior is crucial. Many strive to balance storytelling with social responsibility by emphasizing consequences and avoiding romanticization of exploitative relationships.

Role of Educational Institutions

These films often highlight the role of schools and universities in preventing and addressing inappropriate relationships. They underscore the need for clear policies, education on boundaries, and support systems to protect students and maintain professional integrity.

Critical Reception and Audience Perspectives

The reception of teacher student affair films varies widely depending on cultural context, narrative approach, and audience sensibilities. Critical analysis often focuses on the films' treatment of sensitive subject matter and their artistic merit.

Critical Analysis

Critics frequently assess teacher student affair films based on their depth of character development, narrative complexity, and ethical framing. Positive reviews often commend films that provide nuanced portrayals and challenge viewers to think critically about morality and power. Negative critiques may target films that appear exploitative or sensationalist.

Audience Reactions

Audiences tend to have polarized reactions to teacher student affair films. Some viewers appreciate the emotional intensity and psychological insight, while others find the subject matter uncomfortable or inappropriate. Viewer discretion is often advised, especially for younger audiences.

Impact on Genre and Filmmaking Trends

Successful teacher student affair films have influenced broader cinematic trends by encouraging more complex, character-driven narratives about power and morality. The genre has also prompted filmmakers to explore other taboo or controversial relationships, contributing to a richer and more diverse cinematic landscape.

Frequently Asked Questions

What is a teacher-student affair film?

A teacher-student affair film is a movie that explores a romantic or sexual relationship between a teacher and a student, often delving into the complexities and ethical issues surrounding such relationships.

Are teacher-student affair films based on true stories?

Some teacher-student affair films are inspired by true events, while others are purely fictional. These films often dramatize the emotional and social consequences of such relationships.

What are some popular teacher-student affair films?

Popular films in this genre include "Notes on a Scandal," "An Education," "Loving Annabelle," and "The Reader," each depicting different perspectives and outcomes of teacher-student relationships.

Why are teacher-student affair films controversial?

They are controversial because they deal with power imbalances, ethical boundaries, and potential exploitation, raising questions about consent and the appropriateness of such relationships.

How do teacher-student affair films portray the characters involved?

These films often portray the teacher as conflicted or authoritative, and the student as vulnerable or curious, highlighting the emotional and psychological dynamics at play.

What themes are commonly explored in teacher-student affair films?

Common themes include forbidden love, power dynamics, manipulation, consequences of taboo relationships, and the impact on personal and professional lives.

Are teacher-student affair films appropriate for all audiences?

No, due to mature content and sensitive subject matter, these films are generally intended for adult audiences and may carry age restrictions or content warnings.

Additional Resources

1. *"Notes on a Scandal"* by Zoë Heller

This psychological thriller explores the complexities of a forbidden relationship between a teacher and her student, unraveling themes of obsession, betrayal, and manipulation. The story is narrated by a colleague who becomes entangled in the scandal, providing a dark and suspenseful look at the consequences of crossing ethical boundaries in education.

2. *"Lolita"* by Vladimir Nabokov

A controversial and literary classic, this novel tells the story of Humbert Humbert, a man who becomes infatuated with his young stepdaughter, Dolores Haze. While not set in a traditional teacher-student dynamic, the book delves deeply into the disturbing nature of inappropriate relationships between adults and minors, provoking debates on morality and obsession.

3. *"The Reader"* by Bernhard Schlink

Set in post-war Germany, this novel follows a young boy who has an affair with an older woman, who later becomes his teacher. The story explores themes of guilt, secrecy, and the impact of past actions on present relationships, providing a thoughtful examination of love and the complexities of human connection.

4. *"Elegy for a Lady"* by Marguerite Duras

This novella portrays a subtle and intense relationship between a teacher and a female student, emphasizing emotional depth and the tension of forbidden attraction. Duras' poetic and minimalist style captures the complexities of desire and the consequences of crossing social boundaries.

5. *"The Prime of Miss Jean Brodie"* by Muriel Spark

Focusing on an eccentric and charismatic teacher who exerts a powerful influence over her female students, this novel explores the impact of mentorship that blurs professional lines. It delves into themes of control, loyalty, and the dangers of idolizing authority figures within an academic environment.

6. *"Tampa"* by Alissa Nutting

A darkly comedic and provocative novel about a middle school teacher who becomes sexually obsessed with her underage male students. The book challenges societal taboos and explores the psychology behind such illicit relationships, highlighting the abuse of power and the consequences for everyone involved.

7. *"Diary of a Teacher-Student Affair"* by Anonymous

Presented in diary format, this fictional memoir offers a candid glimpse into the emotional and ethical turmoil faced by a teacher involved in a secret relationship with a student. The narrative provides insight into the motivations, risks, and repercussions that define such controversial liaisons.

8. *"The Crush"* by Cathy Glass

Based on true events, this memoir recounts a foster carer's experience with a troubled teenage boy who develops an inappropriate fixation on her. While not a traditional teacher-student story, it touches on the challenges of maintaining professional boundaries and the emotional complexities in caregiving roles.

9. *"An Education"* by Lynn Barber

This autobiographical memoir details the author's teenage years and her affair with an older man who becomes a mentor figure, blurring lines between education and romance. The book reflects on youthful naivety, the allure of forbidden relationships, and the consequences of crossing social conventions.

teacher student affair film: The New American Crime Film Matthew Sorrento, 2012-09-26 The American crime film has recently enjoyed a surge in popularity and proliferation, making it the most pervasive genre in contemporary cinema. Though it now tackles current issues, it continues to reference the classic narratives and archetypes established in the great crime pictures of past decades. The titles explored in this critical survey feature a variety of themes and show that the crime film genre has fused with other genres to create fascinating hybrids. Focusing on character and plot construction, the author highlights the gangster and film noir traditions that still run strongly through recent American cinema. Among the many filmmakers analyzed within these pages are David Lynch, Gus Van Sant, David Mamet, Werner Herzog, Sam Raimi, David Cronenberg and the Coen Brothers. Stuart Gordon, director of the cult classic *Re-Animator*, provides the lively and incisive foreword.

teacher student affair film: The Encyclopedia of Sexism in American Films Salvador Jiménez Murguía, Erica Joan Dymond, Kristina Fennelly, 2019-11-29 The treatment—and mistreatment—of women throughout history continues to be a necessary topic of discussion, in order for progress to be made and equality to be achieved. While current articles and books expose troubling truths of the gender divide, modern cinema continues to provide problematic depictions of such behavior—with a few heartening exceptions. *The Encyclopedia of Sexism in American Films* closely examines the many, pervasive forms of sexism in contemporary productions—from clueless comedies to superhero blockbusters. In more than 130 entries, this volume explores a number of cinematic grievances including: the objectification of women's bodies the limited character types available for female performersthe lack of sexual diversity on the screen the limited range of desirable traits for female performers the use of gratuitous sexthe narrow focus on heteronormative

depictions of courtship and romance The films discussed here include *As Good as It Gets* (1999), *Beauty and The Beast* (2017), *The Devil Wears Prada* (2006), *Do the Right Thing* (1989), *Easy A* (2010), *The Forty-Year-Old Virgin* (2005), *Hidden Figures* (2016), *Lost in Translation* (2003), *Mulholland Drive* (2001), *Showgirls* (1995), *The Silence of the Lambs* (1991), *Star Wars* (1977), *Thelma & Louise* (1991), *Tootsie* (1982), *The Witches of Eastwick* (1987), and *9 to 5* (1980). By digging deeply into more insidious forms of sexual/gender discrimination, this book illuminates one more aspect of women's lives that deserves to be understood. Offering insights and analysis from more than fifty contributors, *The Encyclopedia of Sexism in American Films* will appeal to scholars of cinema, gender studies, women's studies, and cultural history.

teacher student affair film: *Uncanny Cinema* Murray Pomerance, 2022-10-20 Murray Pomerance's latest book explores an encyclopedic range of films and television shows to demonstrate the difficulty of conveying the experience of viewing cinema through words and the medium of text. From *On the Waterfront* to *Marriage Story*, *Uncanny Cinema* illuminates that words and writing are in perilous waters when applied to cinema, similar to ungestured talk. The book begins with this problem using Julian Jaynes's thoughts on vocality and imagination before delving into three exploratory 'movements' arranged to alternately challenge, inspire, and confound the reader to question if we know what we think we know or even see what we think we see. The viewer is faced with disturbances, ruptures, and surprises that occur during the viewing experience, which Pomerance analyzes to stretch the sense of what we do and do not (or, possibly, cannot) know, particularly as we think, talk, and write about cinema.

teacher student affair film: *Abstinence Cinema* Casey Ryan Kelly, 2016-03-08 From the perspective of cultural conservatives, Hollywood movies are cesspools of vice, exposing impressionable viewers to pernicious sexually-permissive messages. Offering a groundbreaking study of Hollywood films produced since 2000, *Abstinence Cinema* comes to a very different conclusion, finding echoes of the evangelical movement's abstinence-only rhetoric in everything from *Easy A* to *Taken*. Casey Ryan Kelly tracks the surprising sex-negative turn that Hollywood films have taken, associating premarital sex with shame and degradation, while romanticizing traditional nuclear families, courtship rituals, and gender roles. As he demonstrates, these movies are particularly disempowering for young women, concocting plots in which the decision to refrain from sex until marriage is the young woman's primary source of agency and arbiter of moral worth. Locating these regressive sexual politics not only in expected sites, like the *Twilight* films, but surprising ones, like the raunchy comedies of Judd Apatow, Kelly makes a compelling case that Hollywood films have taken a significant step backward in recent years. *Abstinence Cinema* offers close readings of movies from a wide spectrum of genres, and it puts these films into conversation with rhetoric that has emerged in other arenas of American culture. Challenging assumptions that we are living in a more liberated era, the book sounds a warning bell about the powerful cultural forces that seek to demonize sexuality and curtail female sexual agency.

teacher student affair film: *China into Film* Jerome Silbergeld, 2000-03-01 Since 1984, Chinese cinema has been the most dramatic entry onto the international film scene. *China into Film* is the first book to look at contemporary Chinese cinema as a visual art and to illustrate the ways in which it has been shaped by centuries of Chinese tradition. Jerome Silbergeld looks at the significance of gender roles, the strategies of film-makers in coping with state censorship, the translation of novels into films, the continuing attachment of film-makers to melodrama, and cinematic critiques of Maoism and post-Maoist culture. Abundantly illustrated with Chinese paintings as well as scenes from such internationally acclaimed films as *Yellow Earth*, *Red Sorghum*, *Raise the Red Lantern* and *Farewell My Concubine*, *China into Film* reveals a cinematic form at once excitingly new and deeply imbedded in traditional Chinese visual culture.

teacher student affair film: *Sexual Misconduct in the Schoolhouse* William L. Fibkins, 2016-12-31 This book seeks to educate principals, counselors, teachers, coaches, support staff, and students about sexual misconduct, while providing a training model to prepare school staff to avoid sexual misconduct, to encourage school leaders to upgrade their supervision efforts, and to provide

needed outreach and intervention before sexual misconduct occurs. To help eliminate sexual misconduct in schools, this book provides step-by-step training procedures that can be used as part of the schools' staff development program to teach educators about the importance of setting boundaries. Real-life case studies documenting inappropriate teacher-student relationships are included. The major focus of this second edition is to alert educators to the effects of unrelenting school reform efforts, which have become a distraction at best and a barrier at worst to dealing with problems such as sexual misconduct. This book provides a roadmap of what needs to be done to restore each educator's mission to being committed to their students' well-being before it is too late.

teacher student affair film: Sexing the Teacher Sheila Cavanagh, 2007-05-10 *Sexing the Teacher* is a provocative study of public and professional responses to female teacher sex scandals in Canada, the United States and Britain. Sheila Cavanagh examines the moral and professional panic over sexual transgressions in the educational milieu by analyzing several sensationalized legal cases, including Mary Kay Letourneau, Amy Gehring, and Heather Ingram. Deploying queer theory, psychoanalysis, postcolonial theory, and feminist film theory, Cavanagh analyses deep-seated anxieties about white female teacher sexualities and offers a critique of the damage that gets done in the name of child protectionism. Arguing that foundational assumptions about race, gender, class, sexuality, and family are all central to the panic, Cavanagh questions the conventional wisdom and politics governing our conceptualization of sex scandals in education. She also demonstrates that public upset over female teacher sexual transgressions, ostensibly about child welfare, is also about the regulation of gender, heteronormative, and white reproductive futures: a hidden curriculum in Western educational systems. Timely, original, and controversial, *Sexing the Teacher* will appeal to scholars and students in education, sociology, gender, sexuality, and cultural studies, as well as to general readers interested in the sensationalism over school sex scandals that has dominated recent headlines.

teacher student affair film: Male Rape Victimisation on Screen Victoria M. Nagy, 2023-11-30 Focusing on the under-researched area of male sexual assault, this book reveals how seemingly harmless humour can infiltrate how we think about violent and victimising behaviours.

teacher student affair film: Teaching, Learning, and Schooling in Film Daniel P. Liston, Ian Renga, 2014-12-05 Films about education provide many of the most popular interpretations of what teaching and learning mean in schools. An analysis of this medium reveals much about the historical, cultural, political, and philosophical dimensions of education. Timely and engaging, this book fills a gap for scholarly and informed public commentary on the portrayal of education in film, offering a wide range of conceptual and interpretive perspectives. *Teaching, Learning, and Schooling in Film* explores several key questions, including: What does it mean to be a good teacher? How do these good teachers instruct? When is and what makes teaching complex? What constitutes learning? Do educational reforms work? The book's interdisciplinary group of contributors answers these important questions in essays highlighting Hollywood, independent, and documentary films. Prospective and practicing teachers will engage with the thought-provoking educational issues raised in this book and gain insight into the complexities of teaching and learning portrayed in film.

teacher student affair film: From Martyrs to Murderers Robert L. Dahlgren, 2017-04-13 In *From Martyrs to Murderers*, the author explores the connections between the dark, unflattering representations of public schools, teachers and teaching in popular Hollywood films and the conservative attacks on public education that have culminated in a generation of neo-liberal standards reform measures. The author's analysis is based on a survey of 60 movies that feature significant interactions between public school teachers and their students. This study employed a textual analysis method involving viewing the films alongside original script material, which reveals that the narratives involving public schools during the late 20th century and early 21st century are distinct from those involving other types of schools or eras. Rather than the romantic figures of earlier portraits, such as Eve Arden's beloved *Our Miss Brooks* in the 1940s and 1950s radio and television serial, these teachers are consistently portrayed as negative archetypes, thus providing a

rationale for the school reform agenda of the 1980s. The sheer repetition of these damaging images in Hollywood products of the period made the American public more susceptible to the deceptive arguments outlined in *A Nation at Risk*, the seminal 1983 report that provided the blueprint for the standards reform movement that has dominated education policy for the past generation. This work thus develops upon the critical perspectives of educational historians and social studies educators who have probed this turning point in the history of American schooling. It also offers an alternative means of viewing the reality of life in the nation's public institutions.

teacher student affair film: *The Hollywood Curriculum* Mary M. Dalton, 2010 *The Hollywood Curriculum* is a sophisticated and thoughtful look at the portrayal of teachers in film and television in an exceptionally accessible way. Dalton draws on some of the most relevant and exciting theory to evaluate teacher films and demonstrates a masterful insight into the worlds of education and film studies. This book is a must-read for those interested in exploring the intersection of teaching, curriculum, film/television, and society, and is an outstanding contribution to the literature.-Alan S. Marcus, Associate Professor of Curriculum and Instruction, University of Connecticut; Author of *Celluloid Blackboard: Teaching History with Film* and *Teaching History with Film: Strategies for Secondary Social Studies* --Book Jacket.

teacher student affair film: *Selected Films on Child Life* , 1962

teacher student affair film: *Informed by Faith* Mark Bozzuti-Jones, 2004-01-25 All of us educate, teach, and form others; as Christians, the place in which this formation takes place is our community. Every waking moment offers opportunities for education, and the home especially is a place for ongoing Christian formation. At home, we equip the family to know that God is a mystery and a God of life and love, and our families can be much-needed examples of how best to struggle with what it means to know God in everyday life experiences of love, suffering, and death. In *Informed by Faith*, Mark Francisco Bozzuti-Jones creates a dialogue between religious educators and parents that is designed to lead to meditation, prayer, reflection, and a new perspective on the ministry of teaching. Through examination of the history of education, education as life, and the meaning of being a Christian, Bozzuti-Jones offers those who teach a sense of refreshment in soul, mind, and body, leading to a new commitment to teaching and proclaiming God's life and love. "One of the primary purposes of religious formation in the home is to equip the members of a family to know God, specifically to know that God is a God of life, God is love, and God is a mystery. More than ever our society needs the examples of families that struggle with what it means to know God in their daily lives, loves, and encounters with pain, suffering and death."

teacher student affair film: *Royal Portraits in Hollywood* Elizabeth A. Ford, Deborah C. Mitchell, 2009-06-26 Few lives provide as much history or drama as those of monarchs. Filmmakers from the silent era to onward have displayed a deep fascination with the lives of royalty and with queens in particular. Still, the question remains: what do these films really tell us about the women beneath the crowns? Drawing on films from the 1930s to those of today, *Royal Portraits in Hollywood: Filming the Lives of Queens* investigates the ways in which these films reproduce history and represent women. Though hardly progressive in nature, many early films offered an acceptable, nonthreatening way to present strong female characters in an economic and social landscape run almost exclusively by men. Authors Elizabeth Ford and Deborah Mitchell track the evolution of queens on film, noting how depictions of prominent women have changed over the past several decades and calling attention to the ways in which films both reflect and dictate the social norms of their eras. By comparing historical records of monarchs such as Queen Christina of Sweden, Catherine the Great, Cleopatra, and Elizabeth I with their onscreen personas, and examining the biographical details of the actresses who portrayed these women, Ford and Mitchell present a fascinating inquiry into issues of historical accuracy and gender politics in film.

teacher student affair film: *Filmed School* James Stillwaggon, David Jelinek, 2016-05-12 *Filmed School* examines the place that teaching holds in the public imaginary through its portrayal in cinema. From early films such as *Mädchen in Uniform* and *La Maternelle* to contemporary images of teaching in *Notes on a Scandal* and *The History Boys*, teachers' roles in film have been

consistently contradictory, portraying teachers as both seducers and selfless heroes, social outcasts and moral models, contributing to a similarly divided popular understanding of teachers as both salvific and sinister. In this book, Stillwaggon and Jelinek present these contradictory images of teaching through the concept of transference—the fantastical belief in another’s knowing that founds a teacher’s authority in relation to her students and, to some degree, the public at large. Tracing the place of transference across a century of school films, each chapter demonstrates the persistence of this fantasy in one of the dreams or nightmares of teaching that recurs thematically in school films: the teacher-as-savior, seducer, signifier in a moribund discourse, and sacrificial object. Through these analyses, the authors suggest that something might be missing in our attempts to theorize education when we leave our unthought fantasies of teaching out of the picture. This book will be of key interest to academics, researchers, and postgraduate students in the fields of educational theory, teacher education, philosophy of education, film and media studies, psychoanalysis, sociology of education, curriculum studies, and cultural studies.

teacher student affair film: Resources in education , 1983

teacher student affair film: American Politics Film Festival Thomas E.Cronin, Michael A.Genovese, 2025-07-22 This is an innovative and inspirational examination of films and documentaries that helps us explain the evolution of, struggles of, and aspirations of the American experiment. This book sorts politics into categories and then identifies films, TV shows, and documentaries that illuminate various aspects of that category. For each chapter, the authors list and discuss an impressive variety of films, documentaries, and television shows. This accessible book is designed for course use and general readers interested in how American politics and history has been portrayed in media.

teacher student affair film: Tales Out of School Jo Keroes, 1999 Jo Keroes's scope is wide: she examines the teacher as represented in fiction and film in works ranging from the twelfth-century letters of Abelard and Heloise to contemporary films such as *Dangerous Minds* and *Educating Rita*. And from the twelfth through the twentieth century, Keroes shows, the teaching encounter is essentially erotic. Tracing the roots of eros from cultural as well as psychological perspectives, Keroes defines erotic in terms broader than the merely sexual. She analyzes ways in which teachers serve as convenient figures on whom to map conflicts about gender, power, and desire. To show how portrayals of men and women differ, she examines pairs of texts, using a film or a novel with a woman protagonist (*Up the Down Staircase*, for example) as counterpoint to one featuring a male teacher (*Blackboard Jungle*) or *The Prime of Miss Jean Brodie* balanced against *Dead Poets Society*. The portrayals of teachers, like all images a culture presents of itself, reveal much about our private and social selves. Keroes points out authentic accounts of authoritative women teachers who are admired and respected by colleagues and students alike. Real teachers differ from the stereotypes we see in fiction and film, however. Male teachers are often portrayed as heroes in film and fallibly human in fiction, whereas women in either genre are likely to be monstrous or muddled and are virtually never women of color. Among other things, Keroes demonstrates, the tension between reality and representation reveals society's ambivalence about power in the hands of women.

teacher student affair film: British Film Noir Guide Michael F. Keaney, 2011-01-05 This work presents 369 British films produced between 1937 and 1964 that embody many of the same filmic qualities as those black films made in the United States during the classic film noir era. This reference work makes a case for the inclusion of the British films in the film noir canon, which is still considered by some to be an exclusively American inventory. In the book's main section, the following information is presented for each film: a quote from the film; the title and release date; a rating based on the five-star system; the production company, director, cinematographer, screenwriter, and main performers; and a plot synopsis with author commentary. Appendices categorize films by rating, release date, director and cinematographer and also provide a noir and non-noir breakdown of the 47 films presented on the Edgar Wallace Mystery Theatre, a 1960s British television series that was also shown in the United States.

teacher student affair film: Hitchcock's Villains Eric San Juan, Jim McDevitt, 2013-08-08

The films of Alfred Hitchcock are appreciated for a variety of reasons, including the many memorable villains who menace the protagonists. Unlike so many of cinema's wrongdoers, the Hitchcock villain was often a complex individual with a nuanced personality and neuroses the common person might not be able to relate to, but could at least understand. If such figures did not always elicit sympathy from the audience, they still possessed characteristics that were oddly appealing. And frequently, viewers found them more likable than the heroes and heroines whom they victimized. In *Hitchcock's Villains: Murderers, Maniacs, and Mother Issues*, authors Eric San Juan and Jim McDevitt explore a number of themes that form the foundation of villainy in Hitchcock's long and acclaimed career. The authors also provide a detailed look at some of the director's most noteworthy villains and examine how these characters were often central to the enjoyment of Hitchcock's best films. Whether discussing Uncle Charlie in *Shadow of a Doubt* or Norman Bates in *Psycho*, the authors consider what attracted Hitchcock to such characters in the first place and why they endure as screen icons. Intended for both casual and ardent fans of Hitchcock, this book offers insight into what makes villainous characters tick. While serious students will appreciate observations in *Hitchcock's Villains* that will enhance their study of cinema technique and writing, general fans of the director will simply enjoy delving further into the minds of their favorite villains.
