wise health emergency center: Criminal Justice and Regulation Revisited Lennon Y.C. Chang, Russell Brewer, 2018-05-08 This volume brings together leading researchers to celebrate the significant contributions of Peter Grabosky to the field of Criminology, and in particular his work developing and adapting regulatory theory to the study of policing and security. Over the past three decades, his path-breaking theoretical and empirical research has contributed to a burgeoning literature on the myriad ways regulatory systems drive state and non-state interactions in an effort to control crime. This collection of essays showcases Grabosky's pioneering treatment of key regulatory concepts as they relate to such interactions, and illustrate how his work has been instrumental in shaping contemporary scholarship and practice around the governance of security. Revisiting the work of a key figure in the field, this book will be of interest to criminologists, sociologists, socio-legal studies and those engaged with security and policy studies.
