women s history month movies: *Girls' Media in the Women's Liberation Era* Kirsten Pike, 2025-09-26 *Girls' Media in the Women's Liberation Era* is a critical analysis and cultural history of popular girls' media narratives produced in the U.S. between 1968 and 1980—the era of the second-wave feminist movement—and girls' responses to those narratives. Grounded in exhaustive archival research and close analysis of such hits as *The Brady Bunch* and *Family*, the book highlights how mainstream media negotiated feminist themes and how liberation-era girls “talked back”—especially through letters, opinion essays, interviews, and diaries—on a range of media narratives and feminist issues, thus demonstrating their crucial involvement in the women's movement and its wider political struggle. *Girls' Media in the Women's Liberation Era* is a key text for both students and researchers in women's and gender studies, media studies, children's media, American studies, cultural studies, and sociology.

women s history month movies: *Women's Writes 2018* Robin Buckallew, 2019-04-22 Originally begun as a project for Women's History Month, these stories are now being published as a collection. Short stories, plays, poems, and essays make up this month long work, one entry for every day of the month. This is the beginning of a challenge to write for women, about women, by a woman. The author has extensive history both with being a woman and with writing women, and shares her own journey with you, and brings along some old friends both real and imaginary. A woman who is a fish, worshipping a fish god? Check. A woman who leads a battle between penguins and kangaroos? Check. A woman who plays Jacob Marley to her best friend's Scrooge? Check. All these, and many more, are present. Don't miss roll call.

women s history month movies: *American Women's History on Film* Rosanne Welch, Peg A. Lamphier, 2022-11-07 By exploring a range of films about American women, this book offers readers an opportunity to engage in both history and film in a new way, embracing representation, diversity, and historical context. Throughout film history, stories of women achieving in American history appear few and far between compared to the many epic tales of male achievement. This book focuses largely on films written by women and about women who tackled the humanist issues of their day and mostly won. Films about women are important for all viewers of all genders because they remind us that the American Experience is not just male and white. This book examines 10 films, featuring diverse depictions of women and women's history, and encourages readers to discern how and where these films deviate from historical accuracy. Covering films from the 1950s all the way to the 2010s, this text is invaluable for students and general readers who wish to interrogate the way women's history appears on the big screen.

women s history month movies: *Women's Rights, Racial Integration, and Education from 1850-1920* M. Noraian, 2009-11-09 This historical biography examines Sarah Raymond Fitzwilliam's abolitionist roots growing up on a stop of the Underground Railroad, her training at a 'normal school,' her tenure as a teacher, principal and the nation's first city school superintendent (Bloomington, Illinois 1874-1892).

women s history month movies: *Women First, Men Last* ,

women s history month movies: *Social Studies for Secondary Schools* Alan J. Singer, 2003-04-02 *Social Studies for Secondary Schools: Teaching to Learn, Learning to Teach*, Second Edition integrates discussions of educational goals and the nature of history and social studies with practical ideas for organizing social studies curricula, units, lessons, projects, and activities. A major theme woven throughout the text is that what we choose to teach and the way we teach reflect our broader understanding of society, history, and the purposes of social studies education. Each chapter opens with a broad question about social studies education; provides many examples of lessons, including lesson ideas developed by new and experienced middle school and high school social studies teachers; features a rich variety of teaching, learning, and classroom activities designed to provoke discussion and illustrate different approaches to teaching social studies; and concludes with essays about related social studies topics. Part I focuses on philosophical issues, social studies goals and standards, and the design of social studies curricula. Part II examines and offers examples of strategies for planning units and lessons. Part III explores topics, such as thematic and interdisciplinary teaching, a project approach to social studies, as well as assesses student learning and one's own performance as a teacher, and provides a guide to social studies resource materials and organizations. New in the Second Edition: *Every chapter has been updated and includes a number of new lesson ideas. *The lesson ideas are designed especially to help beginning teachers address learning standards; work in inclusive settings; and promote literacy and the use of technology in social studies classrooms. *Sample activities developed with members of the Hofstra New Teachers Network reflect the current focus on document-based instruction and assessment, and can serve as tools for assessing student learning. *Increased attention is given to project-based social studies instruction and to multicultural education. Intended as a text for undergraduate and graduate preservice social studies methods courses, this text is also useful for in-service training programs, as a reference for new social studies teachers, and as a resource for experienced social studies educators who are engaged in rethinking their teaching practice.

women s history month movies: *Feminism's Progress* Carol Colatrella, 2023-08-01 *Feminism's Progress* builds on more than fifty years of feminist criticism to analyze narrative representations of feminist ideas about women's social roles, gender inequities, and needed reforms. Carol Colatrella argues that popular novels, short stories, and television shows produced in the United States and Britain — from *Little Dorrit* and *Iola Leroy* to *Call the Midwife* and *The Closer* — foster acceptance of feminism by optimistically illustrating its prospects and promises. Scholars,

students, and general readers will appreciate the book's sweeping introduction to a host of concerns in feminist theory while applying a gender lens to a wide range of literature and media from the past two centuries. In exploring how individuals and communities might reduce bias and discrimination and ensure gender equity, these fictions serve as both a measure and a means of feminism's progress.

women s history month movies: Gender Issues and the Library Carol Smallwood, Lura Sanborn, 2017-11-02 With the legalization of same-sex marriage and the explosion of LGBTQ news coverage in recent years, gender studies is a subject of intense interest in popular media and a part of the curriculum at many colleges. Libraries realize the importance of supporting the field yet many have difficulty finding resources and programming ideas. women s history month movies: *Young Adult Resources Today* Don Latham, Melissa Gross, 2014-05-21 *Young Adult Resources Today: Connecting Teens with Books, Music, Games, Movies, and More* is the first comprehensive young adult library services textbook specifically written for today's multidimensional information landscape. The authors integrate a research-focused information

behavior approach with a literature-focused resources approach, and bring together in one volume key issues related to research, theory, and practice in the provision of information services to young adults. Currently, no single book addresses both YA information behaviors and information resources in any detail; instead, books tend to focus on one and give only cursory attention to the other. Key features of this revolutionary book include its success in: Integrating theory, research, and practice Integrating implications for practice throughout the book Integrating knowledge of resources with professional practice as informed by research Integrating both print and electronic formats throughout—within the resource chapters (including websites and social media) Latham and Gross accomplish all this while, paying particular attention to the socially constructed nature of young adulthood, diversity, YA development, and multiple literacies. Their coverage of information landscapes covers literature (with detailed coverage of both genres and subgenres), movies, magazines, web sites, social media, and gaming. The final chapter cover navigating information landscapes, focusing on real and virtual YA spaces, readers' advisory, programming, and collaboration. Special attention is paid to program planning and evaluation.

women s history month movies: The Library Student Advisory Board Amy L. Deuink, Marianne Seiler, 2009-03-23 This is a practical guide written by two professionals with real-world experience establishing a library student advisory board. Penn State University's Schuylkill campus library has such a board, operating beautifully. Different from traditional student advisory boards, the club at Penn State Schuylkill resembles a public library's friends group. The activities of the club benefit not only the library and campus but the club members themselves. Just how much time, effort, and know-how is required to form a library student advisory board? Here is the answer. Useful advice is offered on how to get a club started, how to recruit new members and keep them active, the duties of the club advisor, basic do's and don'ts of fundraising, and how to build a successful relationship between the club, the library director, and the library staff.

women s history month movies: A Cognitive Psychology of Mass Communication Fred W. Sanborn, Richard Jackson Harris, 2019-01-15 In a constantly changing media landscape, *A Cognitive Psychology of Mass Communication* is the go-to text for any course that examines mass communication from a psychological perspective. Now in its seventh edition, the book continues its exploration of how our experiences with media affect the way we acquire and process knowledge about the world and how this knowledge influences our attitudes and behavior. Updates include end-of-chapter suggestions for further reading, new research and examples for a more global perspective, as well as an added emphasis on the power of social media in affecting our perceptions of reality and ourselves. While including real-world examples, the book also integrates psychology and communication theory along with reviews of the most up-to-date research. The text covers a diversity of media forms and issues, ranging from commonly discussed topics such as politics, sex, and violence, to lesser-studied topics, such as emotions and prosocial media. Readers will be challenged to become more sensitized and to think more deeply about their own media use as they explore research on behavior and media effects. Written in an engaging, readable style, the text is appropriate for graduate or undergraduate audiences. The accompanying companion website also includes resources for both instructors and students.
