words of my perfect teacher: Practicing the Great Perfection Shechen Gyaltsap IV, 2020-06-02 A collection of essential instructions on the practice of Dzogchen, or The Great Perfection, from one of the great early 20th century Buddhist masters. Shechen Gyaltsap (1871-1926) was widely recognized as one of the greatest meditation masters and most compassionate bodhisattvas in the history of Tibetan Buddhism. He lived a life of complete devotion and commitment to monastic discipline and study, and became the root teacher of Dilgo Khyentse Rinpoche, who said of Shechen Gyaltsap's teachings that they were worth more than all the gold in the entire world. This collection, intended for the advanced Buddhist practitioner who has received initiation from a qualified master, provides the essential instructions of Dzogchen, or Great Perfection, practice. Written with a clear simplicity that belies their profundity, the teachings give practical and pointed advice on how students should meditate and behave in ordinary life. The work begins with an extensive reflection on the problem of self-clinging and the analytical meditation designed to uproot it, and proceeds to more specific instructions for the mind practice itself.

words of my perfect teacher: Religious Identity and the Problem of Historical Foundation Judith Frishman, Willemien Otten, Gerard Rouwhorst, 2004-02-01 The essays collected in this book deal with the question how, throughout the history of Christianity, Christian communities have tried to construct their identity by anchoring their views in authoritative and normative sources. The main focus is upon the problem of historical foundation through textual traditions but other authoritative

sources (role of religious leaders; ritual traditions) are taken into consideration as well. The book takes as its point of departure the fact that with the rise of modernity the former dependence of western church and society on authoritative sources was called into question. Ever since, appeal to such sources is no longer self-evident; at times it is even regarded as problematic. Based on this radical change brought about by modernity, the book is divided in two main parts. The first part deals with the question how Christian churches and confessions (Roman-Catholic and Protestant) confronted modernity and which role was played by authoritative sources in the tradition to the modern era. Special attention will be paid to the way in which Judaism reacted to many of the same impulses, both societal and religious ones. The second part deals with the premodern period, from early Christianity to the post-Reformation era, and focuses on the role authoritative traditions, textual or otherwise, have played in providing various Christian communities with a relative stable identity. The aim of the book is to elucidate processes resulting in the formation of authoritative traditions as well as the effects of these traditions on the identity of Christian and Jewish communities. In addition, the book attempts to clarify the various ways in which Christian and Jewish communities have reacted to the growing suspicion authoritative traditions aroused in the western world since the rise of modernity.

Tsem Rinpoche explains in very simple terms what causes our unhappiness. By highlighting our common misperceptions, he shows us how these misperceptions result in us creating our own suffering and how we can change them. With his trademark humour and candour, Rinpoche traverses from ancient Buddhist philosophy to modern psychology, as well as his own personal experience with his teachers and his painful relationship with his mother, in order to show us in the simplest terms how we can truly be happy.

words of my perfect teacher: *Steps to the Great Perfection* Jigme Lingpa, 2016-07-05 The mind-training practices contained in the Dzogchen tradition of Tibetan Buddhism have never before been presented in the English language. The main text translated here, *The Steps to Liberation*, will be of great interest to Western practitioners, since its instructions are pithy and direct, and experiential rather than scholarly. The contemplations on core Buddhist principles like impermanence and karma, intended for beginning meditators, unfold as dramatic stories in which the meditator is to vividly imagine himself or herself as the main character who undergoes a sequence of experiences that result in transformative realizations. They distill the most essential teachings of the Buddha into a practical system that can be easily implemented in a daily meditation practice. At the same time, they bring together the most foundational Buddhist teachings with the profound methods of the Vajrayana (the esoteric teachings of Buddhist tantra). This is the hallmark of Dzogchen mind training and what sets it apart from other mind-training lineages.

words of my perfect teacher: Entrance to the Great Perfection , 2010-02-16 Blending contemporary and traditional perspectives, this groundbreaking work offers guidance on the profound foundational practices of the Great Perfection. It contains classic commentaries by the renowned Tibetan masters Jigme Lingpa and Jamyang Khyentse Wangpo, alongside a lively contemporary discussion by filmmaker, author, and spiritual teacher Dzongsar Jamyang Khyentse that discusses how to incorporate these ancient practices into the fast-paced lifestyle of the Western world. Also included are a lengthy introduction to the world of Tibetan Buddhism and its meditative practices, as well as the long and short preliminary practice liturgies and numerous appendices on the nine yanas and other topics. The ngöndro or preliminary practice is treasured in the Ancient School of Tibetan Buddhism as vital for effecting a profound inner transformation and as a foundation for the very highest teachings of the Great Perfection, or Dzogchen. In particular, the Longchen Nyingtik ngöndro—revealed by the great saint Jigme Lingpa following a series of visions in which he was blessed by the omniscient Longchen Rabjam and received the transmission of his wisdom mind—has long been cherished by followers of all traditions on account of its power, depth, and poetic beauty.
